CONVEYANCE OF MAILS.—Supplement to General Advertisement dated the 29th August, 1873, calling for Tenders for Mail Services, to commence on the 1st January, 1874.

Tenders for the following Mail Services will be received up to noon, on MONDAY, the 27th October instant, viz.:

1. Colo and Howe's Valley, once a week
2. Gosford, Blue Gum Flat, Cooranbong, and Mount Vincent, twice a week.
3. Laggan and Peelwood, twice a week; and Peelwood and Tuena, once a week.
4. Bathurst, Lower Turon, Hill End and Tambaroora, by the bridle track, six times a week. (Contractor will be required to convey by this route the newspapers addressed to Lower Turon and Chambers Creek.)
5. Orange, Bushman's Lead, and Billabong via Baree, twice a week.
6. Railway Station and Post Office, Parramatta, including the clearing of all Iron Letter Receivers at Parramatta, four times or oftener daily.

The successful tenderer for the Mail Service numbered 4 must, within three days, either personally or by the hands of his agent, in Sydney, deposit with the Bank of New South Wales, Sydney, to the credit of the Postmaster-General (and must lodge the bank deposit receipt therefor with the Secretary to the Post Office) a sum equal to 20 per centum of the annual amount for which the tenderer offers to undertake the service. This amount to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within thirty days of the date of notice of the acceptance of his tender, the usual bond and contract, to the satisfaction of the Government. The notice of acceptance of tender, if delivered at the Sydney address of the tenderer or his agent (which address should be stated in the tender), shall be deemed sufficient.

(The above Services, Nos. 2, 3, and 4, are called for in lieu of the Services Nos. 2 and 16, Northern Road; No. 16, Southern Road; and No. 19, Western Road, advertised in general advertisement on the 29th August last, which have been withdrawn.)

The proper form of tender, which can be obtained at any post-office, in the colony, should be used.

The tenders must be addressed to the Secretary to the Post Office, Sydney, and indorsed "Tender for the Conveyance of Mails."

For full particulars see GOVERNMENT GAZETTE, a file of which is kept at every Post Office in the colony.

[2104] General Post Office, Sydney, 15th September, 1873.

IRON LETTER AND NEWSPAPER RECEIVERS.—TENDERS will be received at this Office until noon on MONDAY, the 27th October next, from persons willing to contract for the Supply of Iron Letter Receivers and Iron Newspaper Receivers for the ensuing three years, in such numbers as may be required from time to time. The probable number that will be required altogether is 24 Letter Receivers and 4 Newspaper Receivers.

Tenderers must specify the price of each receiver, which must be supplied according to sample to be seen on application at this Office.

The Tenderers must also state the price at which they are willing to erect, if required, all or any of the receivers in any part of Sydney or suburbs; such receivers to be painted with two coats of paint, and lettered.

The receivers to be erected in the following manner viz., in a stone 3 feet square and 7 inches thick; cut a channel to receive the base of the receiver 2 inches deep; the channel should then be filled with melten lead and caulked.

If required, the receivers must be delivered at the Railway Station or at any of the wharfs in Sydney, free of charge; such receivers to have one coat of paint before delivery.

The receivers should be ready for erection or delivery within one month from the date of order.

Further particulars can be obtained at this Office.

The tenders must be addressed to the Secretary to the Post Office, Sydney, and indorsed "TENDER FOR IRON LETTER AND NEWSPAPER RECEIVERS."

The successful tenderer, with two sureties, will be required to enter into a bond for one-third the amount of his tender.

The amount of duty imposed by the Stamp Duties Act upon the necessary bond and accepted tender, viz., £1 2s 6d is to be borne by the successful Tenderer.

The Postmaster-General does not bind himself to accept the lowest or any tender.

HENRY PARKES

Department of Public Works, Sydney, 4th October, 1873.

LEASE OF REFRESHMENT ROOMS ON THE GREAT SOUTHERN, WESTERN, AND NORTHERN RAILWAYS.

TENDERS will be received at this Office until 11 o'clock a.m., on TUESDAY, the 14th October, from persons willing to contract for Leasing from 1st November next to 31st December, 1876, the Refreshment Rooms at the following stations:—

SOUTH LINE—Sydney and Mittagong.
WEST LINE—Penrith and Mount Victoria.
NORTH LINE—Singleton.

Tenders to be endorsed "Tenders for Railway Refreshment Rooms."

Dimensions, &c., of the several rooms may be ascertained and special forms of tender containing conditions of lease may be obtained on application to the Railway Office, Phillip-street, Sydney.

Tenderers will be required to transmit with their tender, as a deposit, a receipt from the Treasury for an amount equal to 10 per cent. on the amount of the rent for twelve calendar months. Such deposit in the case of the tenders accepted to be held by the Commissioner as security for the due fulfilment of the conditions and to be absolutely forfeited in the event of a breach of any such conditions, or if the tenderer refuses to carry out or abide by his tender when accepted. The unsuccessful tenderers will have the amounts deposited by them returned.

The Commissioner does not bind himself to accept the highest or any tender.

JOHN RAE,
Commissioner for Railways.

The following are the—

CONDITIONS OF LEASE.

1. The rooms to be occupied will be fitted up by the Commissioner with bar and all fixtures, and shall in all other respects be furnished by the lessee in a suitable manner, to the satisfaction of the Commissioner.
2. The lessee shall pay the rent in advance to the station-master each calendar month.
3. The lessee shall have no right of claim for compensation against the Commissioner if the number of trains be reduced, or if any alteration of time-table be made, lessening the number of trains stopping at any particular station.
4. The rooms shall be kept clean and in good repair by the lessee during possession.
5. The rooms shall be kept open, and refreshments supplied to all passengers requiring the same, who may arrive or depart by any of the trains during the day or night.
6. All servants, or other persons employed by the lessee, shall be subject to the Railway By-laws, and shall be approved of by the Commissioner, who may insist on the dismissal of any servant if he thinks fit.
7. The lessee shall provide the best description and quality of refreshments at fair and reasonable prices, to be approved of by the Commissioner, and shall exhibit in each refreshment room a list of refreshments obtainable and the prices of same, and shall keep any kind of refreshment which the Commissioner for Railways may from time to time direct.
8. Hot tea and coffee to be ready at all times while the rooms are open; also sandwiches, chops, steaks, soups, and cold meat. The lessee will be bound to keep a sufficient quantity of suitable spirituous and fermented liquors and other refreshments, and supply the same at reasonable prices. He must also have in readiness for the through trains, for passengers who may wish to take their refreshment in the carriage, small baskets, each holding an assorted cold lunch and dessert for one—with all conveniences for eating the same. These baskets, &c., will be collected at the termini, and returned to the lessee free of charge. In all other respects the lessee will be required to use his best endeavours to meet the convenience and accommodation of the public, and to keep and conduct the rooms in a proper and orderly manner.
9. Gas or other lights must be provided by the lessee at his own cost.
10. The lessee will have to pay for the carriage of all goods and stores he may require to be conveyed over the railway for the various stations, at the rates charged to the public. No "free passes" will be granted to any agent or servant of the lessee, but the lessee himself will be allowed a free pass over the line upon which his refreshment room is situated.
11. The lessee will have to pay for the carriage of all goods and stores he may require to be conveyed over the railway for the various stations, at the rates charged to the public, and no "free passes" will be granted.
12. The lessee shall not assign or transfer his lease, or underlet the rooms or any part thereof, without the consent of the Commissioner in writing under his seal.
13. The Commissioner will have the power of determining the lease at any time, on giving one calendar month's notice in writing to the lessee.
14. The lessee shall not be liable for any municipal rate.
15. In the event of the rent being unpaid for seven days after the same shall have become due, or in the event of any of the lessee's covenants not being complied with, or if the lessee shall become or be adjudged bankrupt or insolvent, or shall assign his estate for the benefit of his creditors, the lease shall be forfeited, and the Commissioner for Railways, by his agents or officers, shall have the power, without any demand, to enter and take possession of the premises, and every person to expel therefrom in like manner as a sheriff might do under a writ of HABERE FACIAS POSSESSIONEM. And in the case of any action being brought in respect of such entry, the Commissioner or his agent may plead leave and license, and the lessee shall be conclusive evidence of such leave and license.

Colonial Secretary's Office, Sydney, 6th October, 1873.

ARSON.—£300 REWARD.—Whereas on the night of the 3rd ultimo the premises occupied by EDWARD DENNIS CLEARY, draper, corner of Hunter and Newcomen streets, NEWCASTLE, were destroyed by fire: And whereas at an adjourned inquest held before the District Coroner, the following verdict was returned:—"That the premises were wilfully set on fire by some person or persons unknown." NOTICE is hereby given, that a reward of ONE HUNDRED POUNDS will be paid by Government (IN ADDITION to a reward of TWO HUNDRED POUNDS offered by the "Imperial" and the "Liverpool, London, and Globe" Insurance Companies) for such information as will lead to the apprehension and conviction of the guilty person or persons. In addition to the above reward, his Excellency the Governor will be advised to extend a FREE PARDON to any accomplice, not being the person who actually set fire to the premises, who shall first give such required information.

Capital £12,000, in 12,000 shares of £1 each.
6000 fully paid-up shares to be allotted to the original proprietors, in proportion to the interest they held. The other 6000 shares to be offered to the public on the following terms, viz.:—1s 6d per share to be paid on application, 1s 6d on allotment, and the other 17s per share to be called up as required in calls not exceeding 1s per share per month.

This Company is formed for the purpose of working a three-acre lease (equal to six acres under new Regulations) having 144 yards on the base line, on Lunatic Reef, Drake.

In addition to these three acres, there is a machine site of two acres, below the junction of Lunatic with Kangaroo Creek, and about one mile distant from the mine. The land was first taken up as a leased quartz reef, in 1869, having, prior to that, been worked for its surface alluvial gold. The first holders were all labouring men, who worked it among themselves, and, being unable to afford machinery, did all their crushing with pestle and mortar. In this primitive way they got, from 3 cwt. of stone, about 200 oz. of gold: one specimen alone, of about 4 lbs. weight, yielded 23 oz. 11 dwts. of gold.

In March, 1871, one ton of stone was sent to the Mint, and yielded 72 oz. of gold. In 1872, 81 tons (out of which all specimens had been picked), crushed at Messrs. Amos, Brothers' machine, gave 37 oz. 2 dwts. A crushing of 6 tons at Kangaroo Creek Quartz Co.'s machine, yielded 41 oz.; 1 ton crushed at Mort and Co.'s machine gave 26 oz. 10 dwts.; 162 lbs. of stone, also crushed at Mort and Co.'s, gave 48 oz. 2 dwts. Thus, about 89½ tons stone, crushed at various places, all from this mine, yielded 424 oz. 14 dwts., or an average of 4¾ oz. of gold per ton.

The stone contains a large quantity of arsenical pyrites. After the crushing at the Kangaroo Creek Co.'s machine, a parcel of pyrites was assayed by Mr. Twemlow, and yielded gold at the rate of 929 oz. to the ton.

The reef is of an average width of about 16 inches; it runs north and south, with an easterly underlay of 1 in 10. Gold has been traced from the north to the south shafts, and dipping south, regularly, at an angle of 45 degrees. Three shafts have been sunk on the reef, viz.: north shaft, 150 feet deep; south shaft, 60 feet deep; and No. 2 shaft, 75 feet deep. In each of these shafts gold has been got, and in a drive, put in at a depth of 60 feet, gold showed strongly in the stone. There is a crushing plant on the machine site, which was purchased by the present shareholders from the Kangaroo Creek Quartz Crushing Co. It consists of an engine and 3-stamper battery, and Chilian mill; is capable of crushing 30 tons per week, and is now being put into thorough repair, previous to recommencing work. A permanent and substantial dam has been made, that will hold water enough to crush all the year round.

About 60 tons of stone and 1½ cwt. of specimens are now at grass.

The present holders are compelled, in accordance with original contract, to submit the share list to the public for three months from the date of prospectus. At the end of that time all shares not then applied for will be taken up by the original holders of the mine.

Applications for shares to be made to

DIAMOND OIL,
116 and over FIRE TEST,
and guaranteed NON-EXPLOSIVE.
We call your attention to this oil, which we recommend for families, being as white as pure spring water, and perfectly free from smoke, smell, or odour issuing from common oils, and burns longer without trimming or crusting the wick than any other.
It is extensively used in Europe (under the brand of Oleophene), where it commands a higher price than any other. The same can unhesitatingly be said of this, the home market, where it has been largely used for mixing with other oils of inferior quality, and by well-known competitive Packers, for the purpose of establishing their brands.
Our DIAMOND BRAND is patented as a Trade Mark, and we, therefore, caution dealers against using the same or cases for repacking inferior oils. We repeat our guarantee as to the quality, and we challenge comparison with any other oil, as we know the Diamond to be the best.

FURNITURE ETC.

THE LITTLE WANZER FAMILY LOCKSTITCH SEWING-MACHINE, worked by hand or foot. Prices from £6.
THE PRIZE MACHINE OF THE WORLD.
This Machine has been made with the express view of meeting family requirements, and its eminent adaptability to those requirements accounts for its holding so many GOLD MEDALS and FIRST-CLASS PRIZES, and its being
USED IN THE BRITISH PUBLIC SCHOOLS.
Purchasers are cautioned against believing every assertion of venders concerning Sewing-machines or any goods offered to them. THE ONLY RELIABLE TESTIMONY COMES FROM DISINTERESTED PERSONS. This must be apparent to any one who reflects for a minute on the matter.
As a Family Machine, easily understood, and remarkably easy in treadling, no other manufacture has had any chance in PUBLIC COMPETITION with the LITTLE WANZER. If it is not the best Machine, how is it that it holds more recent prizes than all the other Machines put together?
Sole Agents: GIBBS, SHALLARD, and CO., General Printers and Account Book Makers, 108, Pitt-street.

AMERICAN SEWING MACHINES.
THE "HOME" SHUTTLE
LOCK STITCH.
The perfection of mechanism.
SIMPLE, COMPACT, EFFICIENT, DURABLE, and COMPLETE.
It sews with the least possible amount of labour and a girl twelve years old can run it without fatigue.
It is a triumph of mechanical genius.
THE "HOME" SHUTTLE
is the only practical low-priced Lock-stitch Sewing Machine ever invented.
THIS UNEQUALLED MACHINE
uses a straight needle, makes the "Lock stitch" (alike on both sides), has a self-adjusting tension, and is adapted to every variety of sewing for family wear, from the lightest muslins to the heaviest cloths, and
WILL EVEN SEW LEATHER.
It will hem, fell, bind, cord, braid, seam, tuck, ruffle, hemstitch, and gather. This Machine will sew on and gather at the same time, and will work equally well on
SILK, LINEN, WOOLLEN, AND COTTON GOODS,
with Silk, Linen, or Cotton Thread.
It is not necessary for us to endeavour to detract from the merits of any other machine. We claim to sell
THE BEST FAMILY SEWING MACHINE IN THE MARKET
WITHOUT REGARD TO PRICE.
And we feel confident that whenever persons wishing to buy Sewing Machines gives the
HOME SHUTTLE SEWING MACHINE
a fair trial, in competition with other Machines,
IT WILL HAVE THE PREFERENCE.
With the Machine is furnished — Hemmer, Braider, Shuttle Bobbins, Oil-can, Oil, Screw-driver, Five Needles, Gauge, Table-Clamp, and directions for use. All securely packed, in strong case, with hinges.
PRICE, COMPLETE—£4 10s.
We have now sold some thousands of these machines and they have given the utmost possible satisfaction, as testified to in numerous testimonials, which we forward with specimens of work, on application.
In proof of their superiority over all other machines, we guarantee them for five years.
THE "COMMON SENSE" CHAIN STITCH.
THE CELEBRATED COMMON SENSE FAMILY MACHINE
is now presented to the public, with all the improvements that can well be combined in a Sewing-machine. Great labour and pains have been bestowed to bring this machine into the very highest circle in the scale of sewing-machines. It is acknowledged by the best judges to stand entirely above and beyond any cheap machine ever produced before.
It will sew anything that can be sewed on any high-priced machine in the land, just as nicely and just as rapidly. It will sew from Swiss muslin up to beaver cloth, at the rate of 1200 stitches per minute.
Will stitch, hem, fell, tuck, quilt, cord, bind, braid, and embroider.
We supply, free of cost, hemmer, gauge, screw-driver, oil-can, oil, four needles, table-clamp, and full directions for use, all securely packed in strong case, with hinges.
PRICE, COMPLETE, £3.
Circulars and samples on application. Post free.
Tables and treadles, with polished tops, and highly ornamented stands, drawer and dress-guard for either lock-stitch or chain-stitch machine.
PRICE, 40s. EACH.
Half-Cabinet Stands, 25s extra.
Our machines are manufactured by a collection of the most skilful machinists to be found in the United States, and
We challenge the world to produce their equal for the price. Forwarded on receipt of Post-office order.

CAUTION.
Every genuine machine bears our name stamped on the steel-face plate.

THE CHARITIES
and the
SEWING-MACHINE CONTROVERSY.
Every one must admit that the value and utility of a SEWING-MACHINE are greatly enhanced by the rate of speed it will turn out work from a
PRACTICAL TEST.
It has been demonstrated in the clearest manner that one WHEELER and WILSON MACHINE will do nearly as much work as two Singer's. In proof of which, we CHALLENGE Singer's Agent to a PUBLIC TEST, on condition that the agent of the slowest machines agrees to give
FIVE HUNDRED POUNDS
for DISTRIBUTION among the SYDNEY and MELBOURNE CHARITIES.
LONG and CO., Sole Agents, 287, George-street.

FOR SALE, the COLLAROY CATTLE STATION, comprising 13 blocks of excellent grazing country, held under lease in the unsettled district of Leichhardt, near Broad Sound, Queensland. The herd, 7000 more or less, will be mustered and delivered. The cattle are very quiet and well bred, and a considerable sum has been expended in introducing good bulls and highly bred heifers. The run is permanently and abundantly watered. The Improvements—a large house, &c., and the fences—will be shortly completed, when the cattle will be classified. There are good yards. The house is comfortably furnished. No store cattle have been sold since the station became the property of the advertiser. A large proportion of male cattle will be found in the herd. Horses, teams, plant, stores, &c., at valuation.
Excellent local markets exist, and all fat cattle can be sold at the station yards, irrespective of the demand for the meat-preserving establishments at Rockhampton.
Calves under six months old at time of delivery will be given in, or otherwise, as may be agreed upon. Purchaser must pay rent, which fell due on 30th September.
Terms, cash; or liberal arrangements will be made with an approved purchaser if required: or the whole of the male cattle (fat included), two years old and upwards, will be sold in one lot; and the remainder of the cattle with the station. The property is for absolute sale. Address the proprietor,
THOMAS CADELL,
Tarpeian, Potts Point, Sydney.
October 1, 1873.

FOR PRIVATE SALE—
That splendid Grazing Estate known as
WOLLAR,
near Barrigan, in the county of Phillip, containing 3987 acres of freehold land, and about 10,000 acres of pre-emptive leases. This property is very compact and well improved.
Also the Estate known as
CROWIE,
situated on the Goulburn River, 7 miles from Wollar. Crowie has a large frontage to the Goulburn River, and contains 2020 acres of freehold land.
For particulars and plans apply to
G. N. GRIFFITHS,
271, George-street.

G. N. GRIFFITHS has received instructions to sell privately, to close partnership accounts, the well-known station
ALBRO,
district of South Kennedy, Queensland.
Albro includes the famous Leatree Hill Block, and is situated on the Belyando River, by which and various creeks and lagoons it is well and permanently watered.
This run is first-class fattening country, and its proximity to the Clermont market renders it a most desirable investment.
The capabilities of the run are very large, and could be still further extended.
The Improvements are ample and good, and everything is in first-rate working order; they consist of two (2) paddocks, stockyard, and milking yards; dwelling-house, stores, men's huts, &c.; and also good garden, stocked with choice fruit and orange trees.
With the station will be sold a small herd of 700 head of Cattle (more or less), mixed ages and sexes, and including 100 head of milkers. The cattle are good and remarkably quiet, being carefully bred from the milking herd.
Purchaser will be required to take horses, working plant, stores, &c., at valuation.
Full particulars, &c., on application to
G. N. GRIFFITHS, 271, George-street.

FOR SALE, privately, the (7) seven imported pure-bred Shorthorn BULLS:—

THE Human Hair Strengthened, Embellished, and Preserved by the use of PRATT'S celebrated DEVONIAN CREAM.
This preparation has now been before the Australian public for upwards of sixteen years, and from its first introduction to the present time the demand for it has been steadily increasing.
The large sale that it commands, and the eulogies which the proprietor frequently receives, incontestably prove the high estimation in which it is held. It possesses the combined advantages of a dandriff lotion and a nutritive cream. It effectually cleanses as well as strengthens the hair.
Prepared exclusively by W. PRATT, Dispensing and Family Chemist, 521, George-street, Sydney.
Sold by most druggists and respectable storekeepers, in bottles, 2s 6d and 4s 6d each.

NORTH SHORE CHEMICAL WORKS.
The proprietors of the above works are prepared to execute any orders for the following chemicals, viz.:—
Sulphuric, Nitric, Muriatic, Sulphurous, and other Acids; Bisulphite of Lime, Sulphate of Iron, Anti-Friction Grease, &c.
Orders received by the Sydney agents,

FOR THE BLOOD IS THE LIFE.
See Deuteronomy, chap. xii., verse 23.

CLARKE'S
WORLD FAMED BLOOD MIXTURE.
The great Blood Purifier and Restorer.
For cleansing and clearing the blood from all impurities, cannot be too highly recommended.
For Scrofula, Scurvy, Skin Diseases, and sores of all kinds it is a never failing and permanent cure.
It cures old sores,
Cures Ulcerated Sores on the Neck
Cures Ulcerated Sore Legs
Cures Blackheads, or Pimples on the Face
Cures Scurvy Sores
Cures Cancerous Ulcers
Cures Blood and Skin Diseases
Cures Glandular Swellings
Clears the blood from all impure Matter
From whatever cause arising.
As this mixture is pleasant to the taste, and warranted free from any thing injurious to the most delicate constitution of either sex, the Proprietor solicits sufferers to give it a trial to test its value.
Thousands of Testimonials from all parts.

MESSRS. J. M. CROSBY AND CO., CHEMISTS, Scarborough, writes as follows:—
"9th September, 1872.
"James Hudson, Burr Bank, Scarborough, having suffered eight years from scurvy, ulcerated ankle, and abscess, and having taken six bottles of your world-famed Blood Mixture, is perfectly cured. He had spent pounds in doctors and chemists' medicines previously, and he is anxious that the properties of such a valuable medicine should be more known."

CURES OF SORES OF FOUR YEARS' STANDING.
"1, Cross-street, Ryde, Isle of Wright,
"16th November, 1872.
"Dear Sir,—My wife has taken nine bottles of your world-famed Blood Mixture. When she commenced, half of her face and eyebrows were covered with sores, brought on by fright about four years ago. She has been under the treatment of six different doctors, and all of no good, but since taking your Blood Mixture, all the sores are gone. I am thankful that I heard of your medicine, and only wish I had years before.
"I am, sir, your obedient servant,
"R. MALLARD."

CURE OF SCROFULOUS SORES.
"Trinity-street, Smethwick, near Birmingham,
"30th July, 1872.
"Mr. Clarke.—Sir,—My husband, I am glad to say, is quite cured, and is now able to attend to his business. His complaint was scrofulous sores; and he had been bad about eight years. He went to several doctors, and spent many pounds in trying different remedies, but still grew worse, and had kept his bed for the last two years, except a few hours at intervals. The discharge from the sores made him so weak, every one thought him in a consumption. We tried to get him in several institutions, but they would not admit him, as I believe they thought him past cure. The sores extended nearly all over his back and chest. It took one hour each day to dress the wounds, and the pain almost took his reason away. Nothing did him any good until we heard of your Blood Mixture. My husband is well known here; he is a house-agent and collector. The people are quite astonished, and it has induced many to try the Mixture. You are at liberty to make any use of this you please. Accept our grateful thanks.—I am, very respectfully,
"JANE MOWLAM."

CURE OF DREADFUL SKIN DISEASE.
"2, Albert-place, Southend, Essex,
"December, 1872.
"Dear Sir,—I write to express my sincere thanks to you thanking God at the same time, for I am indeed greatly indebted to Him and also to you. I wrote some time ago for a case of your world-famed Blood Mixture, and it—the one case—has thoroughly, I believe cured me of a dreadful skin disease which I had for three or four years. I have waited some weeks since I finished the Mixture, but I do not see the least symptoms of the disease returning. It has cost me pounds and pounds, as I have been to several physicians in London, and two hospitals, and one single case of your medicine has completely cured me. I have recommended it to a friend who has had a skin disease, of a different nature to mine, for several years, and he is getting on very nicely indeed. Please receive my best heartfelt thanks, as I remain, yours truly,
"JOHN COUSINS."

EXTRAORDINARY CURE OF SKIN DISEASES
Mrs. Newcomb, Friesthorpe, near Market Rasen.
14th January, 1871.
"Cured of a very bad skin disease, after having spent over £100 in medical advice in the neighbourhood."

SKIN DISEASES, Eruptions, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Heads, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humours and Diseases of the Skin of whatever name or nature, are literally carried out of the system in a short time by the use of this world-famed Medicine.

IMPORTANT ADVICE TO ALL.
Cleanse the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

CLARKE'S WORLD-FAMED BLOOD MIXTURE is sold in bottles, 2s 3d each, and in cases containing six times the quantity, 11s each—sufficient to effect a permanent cure in the great majority of long-standing cases.

STEEDMAN'S SOOTHING POWDERS FOR CHILDREN CUTTING TEETH.

CAUTION TO PURCHASERS.
The value of this well known Family Medicine has been largely tested in all parts of the world, and by all grades of society, for upwards of FIFTY YEARS. Its well-earned extensive sale has induced SPURIOUS IMITATIONS, some of which in OUTWARD APPEARANCE so closely resemble the original as to have deceived many purchasers. The proprietor, therefore, feels it due to the public to give a special caution against the use of such imitations.
Purchasers are, therefore, requested carefully to observe the four following distinctive characteristics, without which none are genuine:—
1. In every case the words JOHN STEEDMAN, Chemist, Walworth, Surrey, are engraved on the Government stamp affixed to EACH PACKET.
2. Each SINGLE POWDER has directions for the dose, and the words John Steedman, Chemist, Walworth, Surrey, printed thereon.
3. The name Steedman is always spelt with two EEs.
4. The manufacture is carried on solely at Walworth, Surrey.
Sold in packets by all Chemists and Medicine Vendors, at 1s. 1½d. and 2s. 9d. each.
Sold by ELLIOTT BROTHERS, Sydney.

DR. J. COLLIS BROWNE'S CHLORODYNE.—Vice-Chancellor Sir W. PAGE WOOD stated publicly in Court that Dr. J. COLLIS BROWNE was undoubtedly the inventor of Chlorodyne, that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to.—TIMES, July 13, 1864.
Dr. J. Collis Browne's Chlorodyne.—The Right Hon. Earl RUSSELL communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in cholera was Chlorodyne.—See LANCET, December 31, 1864.
Dr. J. Collis Browne's Chlorodyne "is prescribed by scores of orthodox practitioners. Of course, it would not be thus singularly popular did it not 'supply a want and fill a place.'"—MEDICAL TIMES, January 12, 1866.
Dr. J. Collis Browne's Chlorodyne is the best and most certain remedy in coughs, colds, asthma, consumption, neuralgia, rheumatism, &c.
Dr. J. Collis Browne's Chlorodyne is a certain cure in cholera, dysentery, diarrhœa, colics, &c.
Dr. J. Collis Browne's Chlorodyne.—Caution.—None genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Sole manufacturer, J. T. Davenport, 33, Great Russell-street, Bloomsbury, London. The immense demand enables the proprietors to reduce the price; it is now sold in bottles, 1s 1½d, 2s 9d, 4s 6d, and 11s, containing double quantity hitherto.

"Barkaley, September, 1869.—Gentlemen, I feel it a duty I owe to you to express my gratitude for the great benefit I have derived by taking Norton's Camomile Pills. I applied to your agent, Mr. Bell, Barkaley, for the above-named pills, for wind in the stomach, from which I suffered excruciating pain for a length of time having tried nearly every remedy prescribed, but without deriving any benefit at all. After taking two bottles of your valuable pills I was quite restored to my usual state of health. Please give this publicity for the benefit of those who may thus be afflicted. I am, Sir, yours truly, HENRY ALLPASS. To the Proprietors of Norton's Camomile Pills."—Advt.

COMMERCIAL.

PRODUCE CIRCULARS.

JOHN A. TURNER.—Wool: There was increased firmness at Thursday's sales, both washed and greasy wools participating in an advance on last week's rates. Buyers here are anxious to secure any good parcels for shipment, in order to catch the London February sales. By cable telegram received we are informed that the London sales opened with a firm market; there is consequently every reason to believe that the prices likely to rule here during the present season will be very satisfactory to growers. Quotations may be given as follows:—Greasy, superior clips, 11½d to 12½d; ditto, fair, 9½d to 11d; fleece, superior, 21d to 24d; ditto, fair, 16d to 22d; scoured, superior, 23d to 25d; ditto, fair, 16d to 20d; locks and pieces, half-price. Sheepskins: Every line offered met with spirited competition, sales being effected at a slight advance, more particularly on clean light pelted parcels. Quotations—Scoured, 1s to 13d; greasy, superior, 9½d to 10½d; medium, 6¾d to 7½d; pelts and short-woolled, 2d to 5½d per lb. Tallow: This market is very dull. The town trade are the only purchasers. Quotations nominal. Hides: The market is moderately firm. I submitted a very lengthy catalogue representing 2367 hides, of which 2003 were disposed of. Horsehides: Have sold some 972 at from 4s to 8s each. Yearlings and calfskins not so firm. Ruling rates are—for dry-conditioned station hides, 6d to 7d; boilers, 5¼d to 5½d; butchers, 4½d to 5½d per lb.; yearlings, 5s 3d to 7s; calfskins, 3s 6d to 7s each. Leather: This article is unusually dull of sale, every description being subject to a decline on late rates. I have sold 1100 sides sole for shipment at up to 10½d per lb. The highest prices obtained at my sales were as follows:—Sole, 11½d; kip, 22d; calf, 35½d; yearling tweed, 3s 9d; harness, 16d per lb.; bag leather, 17s 6d per side; basils, 11s 6d per dozen. Hair very saleable. Horns and bones not so firm.—October 10.

IRWIN AND CO.—The sales of this week passed off with an unusual degree of briskness, all offering being cleared to meet February sales, shipments for which will close on or about 5th proximo. The prices obtained show an advance on last year's rates of fully ½d to 1d per lb. Quotations—Scoured, 20d to 26d; handwashed, 16d to 20d; fleece (washed), superior, 22d to 25d; ditto, fair, 18d to 22d; ditto, inferior, 16d to 18d; greasy, 10d to 12d; ditto, fair, 8½d to 9d lb. Sheepskins are much the same as when last reported. All catalogued were taken for fellmongering purposes. Quotations—5½d to 10d; shorts and pelts, 5d to 7½d lb. Tallow is in limited demand at about last week's figures, soap boilers being the only purchasers. Quotations—Mutton, 34s to 36s; beef, 31s to 33s; station, 25s to 31s cwt. Hides are without alteration in value; the local tanners operated only to supply pit requirements. Some few lots were taken for Southern orders. Leather: The market for all kinds continues dull, and most of the lots offered at auction this week were bought in. Quotations may be given thus—Kip, 21d to 25d; sole, 10½d to 11d; calf, 3s 6d to 4s 2d; harness, 15d to 18d lb.; bag and strap, 14s to 16s side.—October 10.

MORT AND CO.—Wool: There was good competition at our sale on Wednesday, and we cleared our catalogue of the bulk of the wool offered at about last week's prices. The quantity of greasy largely preponderates, and for 239 bales of the well-known M over STG over & Co clip, from Queensland, we obtained 11½d per lb. for fleece, and 8¼d for pieces. One line of washed fleece realised 27½d per lb. Of scoured wool the quality was not up to the average, and the prices realised cannot consequently be regarded as testing the market for this description. Quotations throughout our sales were as follows—Grease 10½d to 12½d, fleece 22½d, scoured 19½d to 20¾d. Sheepskins: The demand is brisk for well-conditioned lots, free of seed, and prices likely to remain firm. We sold a large number at from 5d to 6½d for short-woolled, and 7½d to 9d for well-grown, but for a line in extra light condition 10½d per lb. was obtained. Tallow: The supply is not large, but no improvement can be quoted in price either for shipment or local manufacture. We sold mixed at £28 to £33; beef, £29 to £33, and mutton, £35 to £36 10s per ton. Hides were in fair demand this morning where the condition was good, extra weights being most wanted. Our sales ranged as follows:—Salted, medium to heavy, 4¾d to 5¼d; light, 5d to 6d, and dry, 5½d to 6¾d per lb. Horse hides remain at last week's quotations; but a demand for shipment having cleared the old lots off quotations will now probably show greater steadiness. During the week we have quitted some 700, at from 4s 6d to 7s per hide, according to size and condition. Leather: This market is still very depressed for all descriptions. There is very little demand for sole for shipment except at much lower figures than tanners seemed prepared to accept. Quotations this week were 9d to 10d for sole, 11½d to 13½d for harness, 18d to 22d for kip, and 2s to 2s 9d for tweed. Hair: Horse tail is worth 18d to 20d; mane and mixed, 12d to 16d per lb. Horns realised from 20s to 28s per 100, and shankbones from £10 to £14 per ton if of fair size, and not old and perished.—October 10.

JOHN BRIDGE.—Wool: As parcels of the new clip are now arriving, the weekly sales were resumed yesterday, and buyers being eager to secure lines in time for the February sales, a keen competition was kept up throughout the sales and prices showed great firmness. Quotations—Scoured 19d to 27d, handwashed 14d to 18d, fleece (superior) 19d to 26d, ditto (inferior) 14d to 18d, greasy fleece (superior) 10d to 13d, ditto (inferior) 8d to 10d. Sheepskins are in demand at 5d to 9d, pelts 3d to 5d. Tallow shows signs of improvement and moves at from 33s to 36s for mutton, 26s to 32s for beef, and for station or odd lots 25s to 31s per cwt. may be taken as the ruling figures. Horns and bones remain as quoted last week, and hair sells at from 15d to 24d for horse mane and tail, and 6d to 12d for cow tail. Flour and wheat have suffered a slight decline on last week's rates, owing to arrivals from California. Quotations may be taken thus—Wheat, 6s 6d to 7s 6d per bushel; flour, 15s to 16s 6d per 100 lbs. Leather remains very dull at the following prices:—Sole, for exportation, 10½d to 11½d; ditto, for present use, 10d to 11½d; kip, 18d to 25d; calf, from 3s 3d to 3s 6d; cow tweed, 2s to 3s 6d; horse ditto, 2s to 2s 9d; harness, light, 14d to 16d; ditto, heavy, 12d to 14d; bag, 15s to 18s per side; bridle, 14s to 17s per side; basils, 8s to 14s per doz.; kangaroo, 2s 6d to 3s. Hides were plentiful, and sold at about last week's rates, with a tendency to lower rates; quotations may be taken as follows—heavy, 4½d to 5¼d; medium, 5d to 5¾d; ditto, half dry, 5d to 6d; light and dry, according to quality, 5½d to 7½d per lb.—October 10.

HARRISON, JONES, AND DEVLIN.—Wool: The sales this week went off with great spirit, and the prices obtained were highly satisfactory. We fear these values will recede a little after next week, as later purchases cannot be shipped for February sales, for which series there are great expectations of long figures. The result of the week's sales was as follows:—Fleece brought 16d to 22½d; greasy, 10d to 13d; scoured, 16d to 21d. The principal lots sold by us were—Fleece, Killarney, 63 bales at 21½d, pieces at 12d, locks at 11½d; BROWNE, 13 at 21d; IB, 25 at 19¾d; greasy, M over H, 18 at 12d; GG over G, 3 at 11¾d; AR, 4 at 11½d; IB, 3 at 11½d; SD, at 12½d; and odd lots up to 13½d. Tallow: The demand for shipping lots is without alteration from our last report, whilst biddings for trade lots were more spirited, although no appreciable advance was noticed. The sales ranged for mutton 34s 6d to 36s 6d, beef 31s 6d to 34s, mixed 25s to 30s. The most noticeable parcel sold by us was:—Beef: 4 hhds 34s; JS, 5 at 31s 6d; Q, 10 at 33s 6d; S in triangle, 14 at 31s 6d; AS, 5 at 31s 6d; C, 4 at 31s 6d; JS, 5 at 31s 6d; Q, 4 at 33s 9d. Mixed, JS, 5 at 19s. Quotations—Best mutton at £35 to £36 10s, beef at £31 10s to £33 10s; mixed station at £28 to £33. Sheepskins: There was an increased demand for these, and any first-class lots ruled fully ½d per lb. in advance of last week's rates. The sales ranged—Full-woolled, 7½d to 9½d, 1 large lot sold by us at 10¾d, short-woolled, 5½d to 6½d. We cleared a large catalogue up to 10¾d. Hides: Little or no alteration could be noticed from last week, but if anything, prices were hardly so firm. The range of the sales was—Best heavy, 4½d to 4¾d, heavy 4¾d to 5½d, medium 5½d to 5½d, light middling 6½d to 7½d. We cleared our catalogue of about 700 at above rates. Leather: The sales were again very meagrely attended, and the biddings throughout the whole of the sales were very dull; and all descriptions, more especially dressed and harness leathers, were lower in price, and even at the reduction the greater bulk of the catalogues had to be passed. Quotations—Sole, 10½d to 11½d; kip, best, 20d to 22d; second quality, 17d to 19d; harness, 12½d to 15d; cow tweed, 2s 6d to 3s 6d; calf, 3s to 3s 9d. Tin Ore: The English telegrams received this week, quoting a fall of £2 per ton in Straits tin, has had a very depressing effect on this market, and prices have fallen fully 6d per unit. Since our last, assays of 70 per cent. and over can only be quoted at 18s per unit; lower assays in proportion.—October 10.

STOCK AND STATION CIRCULARS.

BREWSTER AND TRENBECK.—Stations: Buyers have not been quite so active in their inquiries during the past week, and appear inclined to wait until after shearing before they make their purchases. Really first-class and well improved sheep stations beyond the reach of selectors would sell readily at high prices. Cattle stations continue in favour, and several buyers are in the market awaiting a suitable opportunity to purchase. We shall offer, on Thursday next, the Camboon and Walloon stations, with cattle. Both are first-class properties, and well worth the attention of capitalists. Store Cattle: We have no sales to report. Prices have an upward tendency, and well-grown bullocks over 3 years would bring £4 15s to £5 on northern stations, and £5 15s to £5 17s 6d if delivered on the Murrumbidgee. Store Sheep: The inquiries are for lots of 10,000 wethers for delivery after shearing. Young well-bred ewes are also wanted. Prices remain unaltered.—October 10.

HARRISON, JONES, AND DEVLIN.—Stations: This week one station was submitted for sale by auction, but did not meet with a buyer, and was passed for private sale. We have nothing to report under this head this week. Fat Cattle: 836 offered. The general quality of those offered has been very good, and although prices were scarcely so firm on Monday, were fully restored at Thursday's sales, prime beef being worth from 22s 6d to 25s per 100 lbs. Fat Sheep: 8581 offered. Owing to the large numbers arriving by road, rail, and coastwise, prices have given way fully 1s 6d per head on all descriptions. 60-lb. wethers, full fleeced, are worth 17s to 18s; shorn, 11s to 12s; shorn ewes, 8s to 9s. Store Cattle: This market remains unaltered; the demand is still unabated, while the lots available are very few indeed, nor is there likely to be much alteration in this state of things for a long time to come. Store Sheep: This market continues quiet, but little demand manifesting itself. We are now negotiating the sale of two large drafts.—October 10.

SULLIVAN AND SIMPSON.—Stations: As this is the busy time among station holders, not many purchasers are in town; and till the shearing is generally over we do not expect many sheep properties will change hands. Fat Cattle: The supply for the week about up to requirements; and those yarded were, in most cases, of prime quality, and prices remain firm at the following quotations:—We quote best pens of bullocks, worth from £8 10s to £9; a few extra, prime and weighty, from £10 to £11; second quality £6 15s to £7 7s. Our sales have been 170 mixed, on account of Mr. George Forrester, at an average of £7 2s, 168 mixed, on account of Mr. Henry Wadge, at an average of £8 1s 9d. Fat Sheep: A good many forward, and prices at least 1s per head lower than last week. We quote 60 lb. wethers, in wool, worth 16s; 56 lb. ditto, ditto, 15s; 50 lb. ditto, 13s; others in proportion to quality. Store Cattle are in large demand, all bullocks of fattening ages much wanted, and are very salable at late quotations. Store Sheep: Very few offering, and we do not expect any large number will be placed in the market for the next month to come, therefore we do not give quotations.—October 10.

G. M. PITT.—Fat Cattle: 1050 yarded for the week's supply. Sales this week passed off with more animation than they have done lately, and prices improved at the close about 10s a head. The Meat Co. operated freely, which materially added to harden the market. The best forward was a prime and weighty draft of bullocks of Dight and Yeoman's, from the Warra, which topped the market, the first two pens being knocked down to Thomas Playfair, of Lower George-street, at £10 16s, and £10 5s per head respectively. I quote best beef worth 22s 6d per 100 lbs., for light weights; 20s to 21s ditto for heavy ditto. My sales have been—106 bullocks, as above, at £9 2s; 94 ditto, ditto, at £8 9s 3d; 75 ditto, C. York's, at £8 9s. 4d; 166 mixed, John M'Elhone's, at quotations; 200 ditto J. Christian and Co.'s, ditto. Fat Sheep: I have not much alteration to note this week in the sheep market, except that prices are gradually getting lower. The supply is in excess of the demand, and unless the Meat Company comes in to help us we shall soon have the pots in operation. 52-lb. wethers, wool on, are worth 14s; shorn ditto, 10s. My sales have been—2000 wethers, John M'Elhone's, at 15s 3d; 1673 ditto, W. F. Buchanan's, at 14s; 100 shorn ewes, Clift Brothers', at 10s; 200 wethers, ditto, at 12s 3d; 800 ditto, J. Christian and Co.'s, at quotations; 49 wethers, ditto at 13s; 1000 ditto, R. Towns and Co.'s, at quotations.—October 10.

GEORGE KISS.—The market still badly supplied with useful well-handled horses. A few lots of young horses reached Sydney the past week, and sold at the following rates:—A lot of ten colts and fillies (two of which were heavy) were sold for Mr. R. Smith, averaging £13 10s for lot; a mob of 41 colts and fillies, mostly light, sold for Mr. John Mooney as follows:—22 head from £1 5s to £5, and 19 head from £5 to £12—average of lot, £5 13s. At the Bazaar I sold some useful horses from £10 to £30; for harness horses, up to £17; for cart and saddle horses, £5 to £12.

SYDNEY LABOUR MARKET.

W. BROWN.—The demand for labour is tolerably brisk, especially for the country. The men principally required are shepherds, stockmen, cooks, agricultural and dairy servants, ordinary labourers, &c. Married couples also, and young lads are in request for stations and farms. There is also inquiry for several classes of mechanics, more particularly for wheelwrights and blacksmiths. There is a good attendance of men servants for town and suburban situations, but not an excessive supply of country hands. Rates of wages are firm, at recent quotations.—October 10.

SHIPS' MAILS.

Mails will close at the General Post Office, as follows:—

For Melbourne.—By the City of Adelaide (s.), this day, at 11 a.m.

For Rotumah.—By the Ida, this day, at noon.

For Shanghai.—By the White Adder, this day, at 6 p.m.

A steamer, bearing to the S.W., passed Gabo Island on the 9th instant, at 11 30 p.m.

The City of Hobart (s.) sailed from Twofold Bay, for Hobart Town, on the 9th instant.

The Helen Macgregor (s.), left Grafton at 1.30 p.m. on the 7th, crossed the bar at 6 35 a.m., on the 8th, Smoky Cape at 2.40 a.m. on the 9th, Seal Rocks at 8 30 a.m. on the 10th, entered Sydney Heads at 10 p.m., arrived at wharf at 11 p.m. Experienced heavy gales from the south, attended with heavy sea from the S.S.E. the whole of the passage. Passed Balclutha (s.) and Wonga Wonga (s.) off Camden Haven, bound north. Cargo: 354 bags maize, 29 bags bones, 466 hides, 486 bags tin ore, 199 bunches bananas, 7 casks tallow, 2 cases boots, 2 coops fowls, 2 cases eggs, 328 cases meat.

A fine iron ship of 1400 tons arrived yesterday from London, named the Cathcart. She is new to this port, being now on her first voyage to the colonies. She is a noble looking vessel, with a fine sweep of deck, and a full poop in which is an elegantly finished saloon with spacious enclosed cabins on either side. But the most noticeable feature connected with passengers is an after cabin, which embraces the whole beam of the ship, well ventilated by large stern and side ports. Attached to this apartment is a large bath-room and other sanitary arrangements. This after-cabin is elegantly furnished and fitted with every convenience. The Cathcart belongs to Messrs. Hamilton and Adams, of Greenock, and is commanded by Captain Crawford. She has hitherto been employed in the Calcutta trade, proving herself a very fast ship, which is borne out by the fact of her present passage being made in 83 days from pilot to pilot. She brings a very large cargo, and we understand will be placed on the berth for London. With respect to her outward trip, the following particulars are furnished:—The Cathcart left the docks on the 12th, and landed her pilot off the Start Point on the 19th July. She experienced fine weather to the N.E. trades, which were fallen in with in latitude 33 N., and they proved very steady. The equator was crossed on the 18th August in longitude 22 W., the S.E. trades being picked up on that date, and were carried as far as latitude 26 S., fresh winds prevailing. The Cape of Good Hope was rounded on 9th September, and with fine westerly breezes she ran down her east longitude on a parallel of 45 S. She came through Bass's Straits and rounded Wilson's Promontory on the 7th instant with a strong S.W. breeze. Unfortunately during the passage loss of life has occurred. On September 11 in latitude 43·50 S., longitude 83 E., an apprentice named Charles Black who was at the helm, called to a fellow apprentice to inform the chief officer that he wanted to be relieved, and immediately after sprang over the ship's quarter. The vessel at the time was going 8 knots, the alarm being given, the ship was promptly rounded to, and within five minutes a boat was in the water; but after being absent for an hour, had to return without succeeding in saving the unfortunate lad. The Cathcart brings out some valuable horse stock, consisting of a celebrated entire named Drummer, a Derby horse—he ran third on the occasion on which he started. There are also two fine thorough-bred fillies, now in fine condition. Unfortunately a valuable mare died on the passage. The ship is to the consignment of Messrs. Mason, Brothers.

The Circe, schooner, has put into port, short of provisions. She is from Hokitika, bound for Melbourne, for which port she will proceed after obtaining the necessary supplies. She left Hokitika on the 22nd ultimo, and has met with a succession of southerly and S.S.W. gales throughout.

The schooner Resolute arrived last night from the Nambucca River, with a cargo of 45,000 feet timber.

NEWCASTLE.

ARRIVALS.

SATURDAY, OCTOBER 11, 1873.

In the Legislative Assembly, yesterday,

Ministers stated, in answer to questions, that the length of time required for the approval of a selection made in virtue of a Volunteer land order merely depended upon the Survey Department reporting that the selection was unobjectionable; that Mr. George Hill had been allowed to purchase 2 acres 3 roods and 20 perches land fronting the navigation of the Curranbene in virtue of improvements; that there would be no objection to one of the boats belonging to the Vernon taking as visitors, about twice a week, the parents of boys detained on board the vessel; that instructions had been sent to Sir Charles Cowper to allow in his discretion the wives of men in the colony to come out to them under the Immigration Regulations.

On the motion of Mr. W. C. Browne, returns were ordered relating to Post Office Savings Banks.

Leave was given to Mr. Lackey to introduce the Bell's Line of Road Railway Bill, and the bill was subsequently brought up and read a first time.

Mr. Nelson postponed for a fortnight, at the request of the hon. the Colonial Treasurer, his motion for the second reading of the Tolls Abolition Bill, in order that the Financial Statement might be delivered before it was dealt with by the House.

Sir James Martin resumed the adjourned debate on the motion of Mr. Buchanan for the second reading of the Law of Evidence Amendment Bill. He opposed the bill, contending that the first clause which would allow a prisoner to give evidence on his own behalf was utterly inconsistent with the humane and enlightened principles of British law, and would sanction the introduction of the French system, under which the presiding Judge was permitted to examine and cross-examine a prisoner, with the object of convicting him of the crime with which he was charged. The prisoner who went into the witness-box to give evidence in his defence could not refuse to be cross-examined by the Judge and Attorney-General, which would be in contravention of the principle that no man was bound to criminate himself, and that every man was held to be innocent until it was proved that he was guilty. Exceptional cases might have occurred, in which the examination of the prisoner would have prevented the ends of justice, but they were very few in number, and did not warrant such a dangerous change in their criminal jurisprudence. The second clause, as to the religious opinions of witnesses, would also authorise a change to which he was opposed, and the right which the third clause would give prisoners by statute to demand seats during their trial would interfere with their identification, and the forms which it was proper to preserve under the control of the Judges in Courts of Justice.

Mr. Raphael was in favour of the provision of the bill which would entitle prisoners to seats during their trial.

Mr. Forster supported the second reading with the object of enabling the House to consider the second clause in committee.

The second reading was then put and negatived on division by 30 to 6.

On the motion of Mr. Combes, the second reading of the Bathurst Cattle Sale Yards Bill, as amended in select committee, was agreed to without division, and the House went into committee to consider the bill in detail. Clause 3 was amended by the operation of the Act being confined to the Borough of Bathurst, and the insertion of a proviso enacting that the fees or charges for the use of other yards within the borough should not exceed the charges established under the Act. The remaining clauses were passed without amendment.

The bill was then reported and the adoption of the report was made an order of the day for Tuesday next.

It was resolved in Committee of the Whole, on the motion of Mr. Nelson, that it was desirable to introduce a bill to regulate the registration and keeping of dogs, and the resolution was reported.

The House then, on the motion of Mr. John Robertson, went into committee, to consider the expediency of a bill being introduced to confer an annuity upon the Rev. Dr. Lang, or some other pecuniary recognition of his public services.

Mr. Robertson thought he was not asking too much when he asked the committee to consider the claims of the Rev. Dr. Lang for substantial recognition for his great public services. The colony was fortunate in its early days in possessing men of singular ability and enterprise in different pursuits who did good service, and who were rewarded for their work by grants of land and other favours from the State. Amongst these he mentioned John Macarthur, who first introduced sheep, and Alexander Berry, who was distinguished as a navigator. Dr. Polding, Mr. Deas Thomson, and Dr. Lang alone remained of the second batch of colonists of mark. Dr. Polding was in the receipt of a Government stipend of £800 per year, and Mr. Thomson was in the enjoyment of a large pension, but Dr. Lang was left without provision of any kind whatsoever. The hon. member then narrated the services of Dr. Lang. He made no claim on Dr. Lang's account for his services as a Christian minister, and referred only to his services as a statesman and patriot. He said Dr. Lang first arrived in the colony in 1823. Since then he had made eight voyages to and from England in the interest of the colony, and had exhausted his private means in bringing out emigrants of a superior class, and the necessary staff for the Sydney College, of which he was the founder. In 1839 he voluntarily gave up his Government stipend of £500 per year, which saved the Treasury £17,500. He was one of the members first elected to the Parliament of New South Wales, when Parliamentary government was obtained, and it could not be denied that during the twenty-five years of his legislative career he had rendered the country valuable and enduring services. Dr. Lang had beyond all doubt devoted himself for fifty years to the advancement of the best interests of the country without emolument or return of any kind, and it was but right that they should now make provision for his old age. The hon. member contended that there was a clear precedent in the case of Dr. Bland for the course he proposed to take, and he concluded by moving a resolution in favour of the grant for Dr. Lang.

Mr. Parkes yielded to no one in his respect for Dr. Lang, but as he regarded him as one of their most illustrious citizens, he could not give his consent to his being made a pensioner in the mode proposed for the great services he had freely and voluntarily given the public. There was no instance in the history of England analogous to this in which a pension had been granted for political services. The practice which prevailed in England of pensioning literary men out of a fund placed at the disposal of the Government was commendable, but this motion would convert a venerable patriot into a State pensioner, and would also encourage the growth of a system of political pensions calculated to lower and degrade the public life of the country.

Mr. Buchanan supported the motion, contending that it was quite consistent with the practice in England to grant political pensions, as in the case of Burke, and that Dr. Lang's eminent service called for substantial acknowledgment.

Mr. Forster cordially endorsed the speech of the hon. the Colonial Secretary, in every word of which he agreed. He approved of the eulogiums passed on Dr. Lang for his public services, and believed his name would live in the history of the colony for centuries; but he was opposed to political pensions, and held that if a pension were to be given to Dr. Lang it would be necessary as a preliminary to that course being taken to have an inquiry by a select committee into the claims advanced on his behalf.

Mr. Burns supported the motion, arguing that the services of Dr. Lang in the early days of the colony, in promoting immigration, education, and the introduction of free institutions, in which he had spent his patrimony, deserved recognition in the way proposed; and that the vote could not be construed into a precedent, as no other man could, in the nature of things, render similar services.

Mr. Macintosh had never been a political supporter of Dr. Lang; but he knew that he had conferred upon the colony services which ought to be recognised, and it was therefore his intention to support the motion. He saw no difficulty as to the propriety of granting a pension for voluntary services, as there were precedents in the pensions granted for Dr. Bland and Mrs. Chisholm.

Mr. Thomas Robertson was in favour of the motion, and did not think that any question as to precedents should prevent justice being done to Dr. Lang, who had undoubted claims on the country.

A motion by Mr. Stewart, for the adjournment of the debate for a week, was negatived on division by 18 to 9.

The resolution was carried by 14 to 11, and the motion for reporting it to the House was carried by 16 to 7. The reception of the resolution was then made an order of the day for Tuesday.

The House adjourned at 10.40 p.m. to 4 p.m. on Tuesday next.

We believe that the Legislative Council have done wisely in rejecting the clause of the Friendly Society's bill, which encourages the borrowing of money, to assist in the operations of trade. The co-operative system has been adopted to simplify transactions and support a system of exchange on its true foundations.

Many of our readers will recollect a scheme of Robert Owen, a man of great notoriety in his day, intended to facilitate exchange between those who produced commodities, and those who required them. The shoemaker presented his goods at the labour exchange and received a coat in return. The smallest quantity of money necessary to establish a balance between the purchaser and the seller was thus supposed to be alone required. The profit upon labour was intended to be united with the performance of labour, and consequently it was expected that the largest amount of advantage would accrue to the industrial classes. It was expected that by this labour exchange, credit would be abolished, with all its attendant miseries; that the workman would not have to stand still waiting for his customers, or that he would not have to sacrifice his goods to meet the vicissitudes of ordinary trade. Like many of the schemes of the same projector, the labour exchange soon fell to the ground. It was discovered that coinage remained the genuine medium through which affairs could be best transacted, and that the causes of difficulty were rather augmented than lessened by returning to the notions of Sparta, without adopting the Spartan *régime* of social life, in which black broth constituted a distinguished luxury, and fighting was the trade of every man. Experience has shown that any needless enlargement of credit diminishes the means of actual subsistance when it adds nothing to production.

The method adopted, however, in more recent times has accepted the ordinary conditions of business with the improvement of ready money. It was perfectly certain that a large number of working people, who would for a few months spare something from their ordinary earnings would become capitalists, and by employing trusty agents could obtain for ready money the cheapest goods, and sell them at the lowest rate. So long as they continued this plan of exchange they would have the advantage enjoyed by the capitalist. They would extinguish at least one class of traders by becoming traders themselves, and joining in a common undertaking, of which the profit should be divided according to each man's share. This system has been adopted in many parts of England, where there are large bodies of working men, who, by holding together, obtain the advantage of their joint capital. Mercantile credit was of no importance. The risks of business were avoided; bookkeeping was unnecessary. The immediate returns made for goods sold placed the business in sufficient funds to enable a supply to be continued without danger, and the affair to be carried on with little more than a regular balance of current transactions completed day by day. It is easy to see that a plan so contrived and honestly maintained and resolutely pursued must be profitable. Not indeed that the returns were equal to those made by capitalists in large concerns where they were prosperous. But there was a sufficient advantage to encourage continuance until the time came when the ideas on which the undertaking was founded gave place to others of another tendency.

The letter of Mr. Plummer which we referred to a day or two ago points out the departure from the original plan, and the tendency of co-operative societies to assume the character of ordinary partnerships which have no other than the common guarantees of soundness. By borrowing money a copartnery may increase its power of purchase and add to its profits; but its policy may be reversed in its practical consequences. It may become a cutting trade, having no other assurance of safety than its power to undersell, and its means of effectual rivalry with its competitors. It can be of no advantage to capitalists from being under the usual government of copartneries, but it may be liable to all their vicissitudes, and that guarantee of honourable conduct which may be supposed to be supplied by a common interest may be entirely destroyed. The notion of every dealer is to buy cheap and to sell dear. It is as old as the ancient commercial commonwealth of Carthage. History has preserved a piece of humour of which there are few in the records of that grim city, where a conjuror promised to reveal to the people the thoughts of every man in a public place on a given day. When they arrived he announced to them the astounding communication that their common thought comprehended the two main notions—"to buy at the cheapest and sell at the dearest market." Many an age has passed since this was proclaimed; but it remains the leading idea of shopkeeping, and it is only obscured by the transient benevolence of a co-operative society. Large unions for this purpose need to be watched with incessant care to preserve the idea of co-operation, and to prevent the concern degenerating until it becomes less safe and sound than ordinary business; less looked after by the persons really interested, of more costly superintendence, and more full of risk. The co-operative system will therefore inevitably fluctuate with the public confidence, and whatever tends to introduce any element of uncertainty will render it more unsafe.

Those who look back many years will remember an ordinary system of supply as it then prevailed. A chandler's shop was commonly in close vicinity to a pawn-office. The small parcels of provisions that were sold over the counter in "pennorths" required a large per centage of profit. The chandler-shopkeeper was dependent upon the middle man who travelled often with his goods from place to place; this requiring another profit on his small wares. He also was a dealer with the next minute capitalist, and so on until the primary stage was reached. The good of the co-operative society was to cut off all these profits, or most of them, and to give the poor some of the advantages of capital by storing small savings and avoiding credit. When, however, a co-operative society begins to be ambitious of emulating the larger establishments, it has to employ agents under greater disadvantages, and the concern is commonly soon involved in hopeless embarrassment. The general remedy of all these disorders is in a strict adherence to the ready money system, and the consequent diminution of risk and expense. Any concern that requires large credit should have its basis in capital. Its transactions may then have a wider range, with consequent possible advantages. Those who are interested in its success are those only who are responsible for it. The moment, therefore, a society deserts the economical and safe principle on which it has been established it becomes encompassed with the ordinary hazards of business, and, unprotected by the eye of the master, finds in the hands of the servant, an uncertain guardian. We therefore entirely accord with the determination of the Upper House to oppose any scheme which would divert co-operative societies from their original plan of ready money transactions intended to embrace chiefly the interests of consumers.

Mr. Jenkins was perfectly justified in attaching the importance he did to fencing, when addressing the Agricultural Society on the subject of cattle breeding. At a time when an increasing demand may be expected and the price of stock is rising, probably no subject is of more importance, for before the breeder of cattle and the grazier can get to work satisfactorily, the land must be fenced, and every facility and inducement should be presented for capital to be invested in this species of landed improvement. We have only to listen to those who have acquired experience in this matter to ascertain what are the advantages to be gained. It is said by gentlemen who have contrasted the two systems—which may be called the nomadic and the settled—that the division of runs into moderate-sized enclosures enables graziers to keep more stock at less expense, and breeders to conduct their business with care and success; the fattening of cattle is a quicker process in a paddock than the open bush, and *duffing* with its attendant evils is unmistakably checked. These points have been touched upon again and again by writers and speakers, and one cannot but repeat what has been said more or less conclusively before, but inasmuch as the great bulk of the land is yet unenclosed it is good to speak the truth again. It is to the peoples' advantage that the public estate should be employed to the best purpose, which it is not, so long as the fencing remains undone.

Touching the improvement of the capacity of runs, it must be evident to everybody practically acquainted with the grazing of land, that in a large area are to be found varieties of soil characterised by herbage more or less acceptable to cattle, and more or less suited to cattle at different stages of growth. The success of the grazier depends in a very great degree upon his perception and use of these specialities. In the absence of fencing they cannot be availed of. There can be no sort of separation of the cattle; no placing of them here and there on pasture suited to them; they range the run promiscuously, feed where it best pleases them, and neglect the poorer places. If subdivided, nearly all parts of a run can be made available, whether for breeding or fattening cattle; for in the latter case the coarser grass can be set before the store cattle when they arrive, and in the former it can be reserved for the springing stock. Pasture, too, is economised by regulating the quantity of stock upon it; at one time it is desirable to feed it low; at another to rest it; but such judicious treatment, in which consists the art of grazing, is only possible to a man who has the appliances. Respecting the assistance of fencing in the classification of stock, Mr. Jenkins spoke strongly, but not too strongly. The experience of all breeders comes to his support. What are the ill-grown and stunted cattle so frequently met with but a commentary upon the absence of the means of separating the sexes during the years of immaturity. On unfenced runs the owners are obliged to "tail and yard" the calves during the weaning season, that is for about three months; and let us ask those who have seen the miserable state to which young stock are often thus reduced, whether any practice could be more at variance than this with the most approved principles of grazing. It is a rule with the best managers to keep the calves constantly advancing from the first stage till they are a year old, when they will bear a pinch; but short commons should never be tried before. Aptitude to various forms of disease is generally acquired by such treatment at starting. In the paddock feeding of cattle they are certainly subjected to ruder treatment than when turned out upon an unenclosed run. The process of breaking in store cattle to a new run is severe to the cattle, and expensive to the owner. The horses destroyed, the wages consumed, and the losses sustained by death during this process, which lasts usually from about six to nine months, form a considerable item in reduction of profits, and greatly increase the anxieties of the squatter. The fretting and worrit of the cattle retard their fattening: instead of being ready to make room for another lot of stores in six or nine months, as they would be if left to the quiet of an enclosure, they are frequently double this time. Weakened and impoverished in the act of being broken to their boundaries, cattle on open runs under the best circumstances are eighteen months before they are ready for market, and the largest part of them two years. Where the natural boundaries are well defined cattle are more readily restrained; but on small runs the boundaries of which are ill defined, the owner's expenses and losses must be prodigious. In such cases, also, the purchase of cattle from neighbouring squatters is out of the question—no amount of herding would prevent their return to the run where they had been deported. There is no occasion to expatiate on the effects of fencing upon the practice of duffing. It is sufficient to observe that duffers cease to thrive in fenced districts. Fencing in fact improves the morals as well as the prospects of a neighbourhood. It aids the schoolmaster and the evangelist. All that respectable duffing now practised at the great periodical branding musters would also be done away. The temptations to deceit and dishonesty, now too abundant and alluring for men of weak principles to resist, are nearly extinguished when the land is enclosed, cattle-stealing being then attended with too much risk to be followed as a profession.

In this matter the interests of the stock-owner and the colony are one and the same. What will increase his profits will increase the exportable surplus from the land. When Mr. Jenkins affirmed "that the carrying capabilities of enclosed lands were found to be increased 25 to 50 per cent. and over," no one arose to dispute the assertion, and so far as we are aware, it has passed unchallenged through the Press of these colonies. This circumstance quite entitles him to say what he did with respect to the duty of the Legislature. "I do not know of any legislation which would be more useful in developing the resources of this country than such laws as would bring about the entire closing in of the Crown lands." Although, as he observes, some Crown tenants are spirited enough to brave risks and uncertainties, and expend vast sums of money in fencing, this fact should not be allowed to stand in the way of or to delay such protection and assistance from the law as they have a right to expect and the country is willing to give.

District Court.—Causes for Monday, 13th October.—Walsh v. Skillicorn, Hargraves v. Ellis, Cooper and another v. Quigley and another, Kidman v. Russel, Parsonage v. Davies, Borough of Waverley v. Mayor of Sydney and others.

Act to Abolish the Postage Rates on Newspapers.—Whereas it is considered desirable that the postage rate now chargeable on newspapers posted within, or transmitted through, the post within New South Wales should be abolished. Be it therefore enacted, by the Queen's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:—1. From and after the 1st day of January, 1874, the Newspaper Postage Act of 1864, and so much of the Postage Act 1867 as authorizes, or may be construed to authorise, or refers to any, postage rates to be levied on newspapers transmitted through the post within New South Wales, shall be and the same are hereby repealed: Provided that such repeal shall not affect any postal arrangement now or hereafter to be made under the 42nd section of the said last-mentioned Act between New South Wales and the United Kingdom, or any country or British possession as therein provided. All newspapers printed in the colony, if transmitted within seven days from the date thereof, and all printed newspapers received from abroad shall, if unenclosed, or enclosed in an envelope open at both ends, be received, conveyed, and delivered to all parts of the colony free of all postage whatever. Provided, however, that no newspaper shall contain any note, letter, memorandum, or other thing or writing therein or thereon, excepting only the direction on the outside thereof, and in case any newspaper or newspapers shall be put into any post-office, pillar, place, or other receptacle within the boundaries of the city of Sydney appointed for the posting of newspapers or letters addressed to persons within the said boundaries or into any such post-office, pillar, place, or other receptacle as aforesaid, at any time after the expiration of seven days from the date thereof, the same shall be charged with postage at the rate of one penny for each newspaper.

Mudgee Election.—Among the statements contained in the petition of 118 electors to the Legislative Assembly in reference to the conduct of the Mudgee election are the following:—"That at the taking of the said poll it has been satisfactorily proved and established that personation and double voting was practised to an alarming extent—a careful examination of the Electoral Rolls showing that 239 persons voted twice, 61 persons three times, and 14 persons four times. That, although the police have instituted proceedings, which are now pending against some of the supposed offenders, there is little probability of the law being vindicated, inasmuch as few persons will voluntarily expose themselves to the trouble and loss which a prosecution necessarily involves. Your petitioners, therefore, humbly pray, that in the Electoral Bill about to be introduced in your Honorable House some provision may be embodied to prevent a repetition of those practices which are calculated to destroy the value of our representative institutions."

Monaro Electorate.—The petition of the electors for the division of this electorate, ordered by the Legislative Assembly to be printed on 1st October, contains the following allegations:—"That the electors on the roll number 1963, and are increasing rapidly. That the interests of the northern and southern divisions of the electorate are so widely apart, if not entirely antagonistic to each other, that the conjunction of the two divisions in the one electorate renders but a section of the electors duly represented. That your petitioners believe the interests of the district would be benefited by, and they feel they have a right to ask for, the division of the electorate into two parts, each part returning one member to your Honorable House. That such division, your petitioners believe, would be best made by the electorate embracing the present boundaries of the police district of Bombala. That your petitioners believe that the time has arrived when your Honorable House is disposed to give increased representation, and to alter the boundaries of districts, so as to allow those who bear the burden of taxation to be fully and fairly represented in your Honorable Assembly; and that the wealth and importance of the southern division of Monaro, combining, as it does, the pastoral, agricultural, and mining interest, entitles it to be so represented, without reference to the number of voters now upon the roll, which can in any case be but a partial guide in fixing the limits of representation, and which your petitioners again venture to say has not been in the Monaro district."

Telegraphic Communication with China.—The cable between Saigon and Hongkong continues interrupted, but arrangements have been made by the telegraph department to send messages for Hongkong and other parts of China, as well as for Japan, by mail packet which will leave Singapore this afternoon.

DUMMY SELECTIONS.—The petition of seventy-seven free-selectors at Tumbleton Creek, in reference to dummy selections, presented to the Legislative Assembly states:—"That your petitioners, whose names are hereunto affixed, most humbly petition your Honorable House that justice may be done to them, as they have suffered and are still suffering to a very great extent, from the way in which the Land Act is evaded in the district in which they reside, and adjoining districts, by the amount of dummy selections which are made around them, thus preventing men who would be bona fide conditional purchasers from taking up land available for farming purposes, and from residing on it and improving it men who would, if it were not for dummy selections, reside on and improve the land, and thus assist to populate the country and to raise food for all local and colonial requirements. That by the wholesale way in which dummy selections are made, not only your petitioners but a very large portion of the people of the country are prevented from availing themselves of the public lands of the country. That your petitioners most humbly pray that the Land Act may be carried out in its integrity, and also that all lands taken up by dummy selections may be cancelled, and that the land so cancelled may be open for fresh selection."

ELECTORATE OF THE BOGAN.—The principal paragraphs of the petition presented to the Legislative Assembly by Mr Lord, from 236 electors of the Bogan, are:—1. That we are desirous of being more effectively and immediately represented in your Honorable Assembly. 2. That the present Bogan Electorate, although as ably represented as is now possible by our present member, is too large, and embraces too many conflicting interests, and populous, wealthy, and rival districts, to be as efficiently represented as such an enormous electorate ought to be, seeing that it comprises 4300 electors, and contains several important towns and districts, such as Forbes, Currajong, and Bushman's, Molong, Canowindra, Cargo, Toogong, Condobolin, Dubbo, Obley, Warren, and Bourke, and many large rivers and creeks, viz.:—The Darling, Macquarie, Lachlan, Bogan, Castlereagh, Barwon, Talbragar, and Belubula Rivers, and the Marthaguy, Duck, Oakey, and Meri Meri Creeks—the banks of all of which are more or less extensively populated. That Forbes, Dubbo, and Bourke, the three largest towns in the Bogan Electorate, have totally different interests, Bourke being in reality the northernmost depot for the extensive trade of the Darling River, and having at its great distance from Forbes (nearly 500 miles) little interest in common with the latter place, the trade of Bourke being exclusively confined to the Darling River and the Queensland border. Dubbo, situated as it is in the midst of an extensive pastoral district, with little or no agricultural or mining population, may be considered to entirely represent the first-named interest, while Forbes, situated in the south-eastern extremity of the electorate and upon a great river, and further, being the centre of a vast gold-field, and in close proximity to the most populous town ships and diggings, combines the pastoral, agricultural, mining, and commercial pursuits to an infinitely greater extent than either Bourke or Dubbo. That your petitioners would beg to suggest that in any contemplated division of the Bogan Electorate, a new electorate be formed, to be called the "Electorate of Forbes," to comprise the whole of the south-western side of the Upper Bogan River, from Gingham Gap as far as its confluence with the Canonba Creek, from thence south-westerly to Kalingalungaguy Creek, at its confluence with the river Lachlan, on the northernmost point of that river; thence following the present boundaries of the Bogan Electorate as far as the junction of the Bell River with the south-eastern boundary of the county of Gordon, thence following that boundary and that of the county of Narromine to the head of the Bogan River, at Gingham Gap. This proposed Electoral District would thus include Forbes, Condobolin, the Belubula River, Canowindra, Cargo, Murga, Toogong, Boree, Currajong, and Bushman's, some of the most populous portions of the Bogan Electorate, and all within a radius of sixty miles of Forbes. 5. That in any redistribution of seats or sub-division of the Bogan Electorate, your petitioners trust that your Honorable House will take the claims of Forbes and its immediate district into your favourable consideration, and recognise the justice of assigning a separate representative for that district, and of making Forbes the place of nomination for its member.

DR. LANG.—The following resolution, moved by Mr. John Robertson, was agreed to in the Legislative Assembly last night, on division by 14 votes to 11:—"Recognition of public services of John Dunmore Lang; consideration in Committee of the Whole of the expediency of bringing in a bill to confer an annuity upon John Dunmore Lang; or for conferring upon that gentleman some other pecuniary recognition for his public services."

COMMISSIONER.—His Honor Sir Alfred Stephen, Chief Justice, has appointed Mr. Henry Cox Colyer, B.A., solicitor, of Elizabeth-street, Sydney, a Commissioner of the Supreme Court of New South Wales, to take bail and affidavits, and also to examine witnesses in all actions and proceedings in the said Court, whether at law or in equity, or in its ecclesiastical or insolvency jurisdiction.

THE REGISTRATION OF DOGS.—Last night a bill was introduced in the Legislative Assembly, on the motion of Mr. Nelson, to regulate the registration and keeping of dogs. The measure contains twenty clauses. The second clause proposes to repeal 6 William IV., No. 4. The interpretation clause defines an "owner" of a dog as the proprietor for not less than fourteen days, or any person who shall have a dog in his custody, or the occupier of a house or premises where a dog was kept under certain circumstances. The fourth clause provides for the yearly registration of every dog over six months old; the fee in the schedule being fixed at 5s. for every dog. Clause 5 provides that existing registration will continue valid until its operation shall have ceased. Clause 6 provides a penalty of not less than 10s. nor more than 20s. for false description of an animal. Clause 7 makes it incumbent on the Clerk of Petty Sessions with whom the dog may be registered to furnish a receipt under a penalty for neglect of 20s. Clause 8 provides that a list of registered dogs must be kept at the Court where they have been registered for public inspection. The 9th clause throws the burden of proof of registration upon the defendant; the 10th provides penalties for non-registration, ranging from 5s. to 20s. By clause 11 registered dogs will have to wear collars with certain exceptions; and under clause 12 a registered dog at large may be seized by a constable, and, unless claimed in 48 hours and the cost of keep paid, may be destroyed. Clause 13 provides that any dog wandering at large not having an engraved collar round its neck may be seized and detained in like manner, and be liable to similar treatment. Under clause 14 a penalty of from 5s. to 20s. may be imposed on the owner of any registered dog found in a public place without an engraved collar; a penalty of from 10s. to £5 on the owner of an unregistered dog found at large with a collar round its neck purporting or specifying some place of registration; it also provides the infliction of a penalty upon any person seizing or destroying a dog contrary to the provisions of the Act. Clause 15 provides that owners of dogs attacking persons, &c., in a public place shall be liable to a penalty not less than 10s., nor more than £5. Persons inciting dogs to mischief will subject themselves to a penalty of £20. The 17th clause makes the owners of dogs liable for injuries done to animals. The remaining clauses of the bill deal with the jurisdiction, the destruction of mangy dogs, and the exemption from penalties of aboriginal owners of dogs.

SUDDEN DEATH.—About half-past 3 o'clock yesterday morning, a woman named Mary Fay, aged 63 years, died at the residence of Maria Brown, in Syrett's-lane, off Sussex-street. She went to bed in good health on Thursday night, and did not complain of sickness until shortly before her death. An inquest will be held at 9 o'clock this morning, at the Hand and Heart public-house, Liverpool-street.

SYDNEY RAILWAY STATION.—A correspondent writes to complain of the want of suitable arrangements for the sale of tickets at the Redfern Railway Station. He refers to the great inconvenience which the public suffer, and expresses a hope that something will be promptly done to bring about a better state of things.

VOLUNTEER BALL.—Last evening, a Volunteer Ball, in aid of the funds for the establishment of a rifle club in connection with the Suburban Battalion of Volunteer Rifles, was held in the Masonic Hall, which was decorated, in honour of the occasion, with banners and evergreens, bestrewed about the hall in tasteful designs. There were about fifty couples in the ballroom, who danced to the music of a portion of the band of the Sydney battalion, under the leadership of Sergeant Thompson. The Volunteers, who formed the majority of the representatives of the male sex present, were dressed in full uniform, which would have formed an excellent contrast with the lighter coloured dresses of their partners if circumstances had been favourable for their display. But circumstances were not favourable. During the early part of the evening the gas-lights burnt so dimly that it was next to impossible to thread the mazes of the dance with anything like precision, and a matter of no little difficulty to avoid making frequent changes of partners in a single dance. This was borne with commendable patience; but still worse was to come. Between 9 and 10 o'clock the lights went out altogether, and the hall was in Cimmerian darkness. After some little delay, the gas was again lit; but its only well recognised effect was that it made darkness visible. In spite of these difficulties our gallant citizen soldiers kept to their post. An excellent supper was provided by M. Compagnoni. Among the officers present were Lieutenant-Colonel Richardson and Majors Raymond, Wilson, Jaques, Goodlet, and Shepherd. Major Christie, of the Permanent Staff, was also present.

THE OPERA.—Since the beginning of the week the attendance nightly at the opera has been crowded, owing to the interest which attaches to the subjects represented, and the effective manner in which they have been submitted. On Monday and Tuesday evenings Meyerbeer's grand opera "Il Profeta" was produced, with even better success than had attended its performance on the Saturday previous. The piece chosen for Wednesday was Rossini's favourite opera "Il Barbiere di Siviglia," in which Signora Coy, in the character of Rosina, sang with charming effect the "Juanita" song. On Thursday "L'Ebreo" of Appolini was submitted. Last night "Mosè en Egitto" was repeated to a crowded house, who frequently testified their approval by plaudits. The Prophet will be repeated to-night for the last time during the season. On Monday commences the new season of twelve nights.

AMUSEMENTS.—Bachelder's Exhibition, after a short though successful season, will close this evening, at the School of Arts. At Spencer's Polytechnic, the performances for the week have been well patronised; and the attendance at the Theatre Royal has been good.

JOTTINGS IN THE SOUTH AND WEST.

No. XII.

THE municipal area of Forbes is fifty square miles, and the population within the corporate boundaries is about one thousand. The amount of rates levied in the municipality is something under £350. It is not much, therefore, that can be done in the way of local improvement; but the very fact that so small a community has had the pluck to attempt the municipal government of so large an area is creditable to the self-reliance and public spirit of the inhabitants. The town itself is rather straggling, and but for this circumstance the amount of business transacted there would give it a much more brisk and thriving appearance than it now has. A large trade is done in connection with stock at Forbes, which is very favourably situated with regard to the overland traffic between Queensland and Victoria. It also occupies a central position as regards the western trade of this colony; and, having recovered from the extreme depression consequent upon the decline of gold-mining, there is a growing activity in the town, and its prospects are steadily improving.

Forbes stands about a mile from the Lachlan, called, I suppose, in honour of Lachlan Macquarie, who was the Governor of the colony in 1817, when the Lachlan and the Macquarie Rivers were discovered; and the town is about 240 miles west of Sydney. The country in this neighbourhood was taken up for pastoral purposes by Messrs. Boyd, Hamilton, and Rankine, nearly forty years ago; and in this part of the colony are to be found some of the most valuable pastoral property in Australia. Forbes is on the margin of the myall and salt bush country. The land will carry either sheep or cattle; but the high price which has prevailed for wool during the last few years has caused sheep to be preferred. The natural grasses of the soil are very rich; but so nutritious is the indigenous herbage that stock fattens well even when the ground is bare of grass, and the salt bush is so abundant as to make the squatter comparatively independent of other descriptions of feed.

The Premier was driven out to Bugabigil, a station which formerly belonged to Mr. Rankine, of Bathurst, but in which Mr. Edward Flood has now an interest. It is remarkable as being the last of the open squattages, all the runs westward to the Murray being fenced in. The plain of Goolerong was entered upon about three miles from the town, and the verdure of spring gave it an appearance of great luxuriance. A flock of from 4000 to 5000 sheep were grazing over about half a mile of the plain, and they were possibly travelling, as a man with a saddled horse appeared to be in charge of them. Goolerong is the first of a chain of plains which, intersected by occasional belts of timber, extend all the way to the Murray, and beyond it to Sandhurst in Victoria. About thirty miles from Forbes is the well known station of Burrowang, lately sold by the proprietors (Mr. Martin and the Hon. J. G. Francis) for £160,000. Burrowang comprises within its limits thirty runs, and the total area is scarcely less than that of the United Kingdom. Last year 140,000 sheep were shorn, and the run was not considered to be more than one-third stocked. The clip alone realised £40,000.

There are a few pedigree cattle in the district, some of them bought at a cost of six hundred guineas, but until the Pastoral and Agricultural Society, which is talked of, is actually formed, the readiest means of judging of the value of the live stock in these parts would probably be by the account sales from Melbourne. Much of the soil in the neighbourhood of the Lachlan is fitted for the pursuits of agriculture. At present cultivation is chiefly confined to the growth of maize, oats, barley, lucerne, &c., but sellers are not now fortunate enough to get £60 a ton for hay, as was the case ten or twelve years ago. Tobacco will grow well in the district, and there is good reason to suppose that the growth of sugar and cotton might be profitably entered upon. In the neighbourhood of Parkes, better known as the Currajong, the soil is admirably adapted for wheat; and the millers of Orange, to whom samples have been sent, represent that the flour produced was of the very best quality. Speaking of Orange, it may be interesting to recall the fact that that rich and flourishing district obtained its first impetus from the great demand for breadstuffs at Forbes, which arose on the immense influx of diggers to the Lachlan gold-fields. As to fruit production, the capabilities of this part of the colony are very great; although it is probably equally true that very little attention is paid to that branch of husbandry. Mr. Cook, J.P., of the Currajong, has an orchard about three acres in extent, where I am told oranges, apples, and all descriptions of stone fruit grow to perfection. But on this subject I cannot do better than clip from a late issue of the *Forbes Times*, the editor of which journal speaks with authority:—"During the past season bunches of grapes have been grown weighing ten pounds, whilst bunches of four and five pounds are not reckoned uncommon. Figs have been grown, two of which would weigh sixteen ounces avoirdupois, apples sixteen inches in circumference, watermelons forty pounds each, pumpkins from eighty to one hundred pounds. This has been produced from soil which has been worked continuously for ten years, and without the aid of any artificial manure whatever. An ordinary crop of wheat realises from twenty-five to thirty bushels per acre, and in exceptional seasons more than forty bushels have been produced. A large steam flour mill has just been completed, so that a fresh impetus will be given to this branch of industry."

The quantity of land taken up under conditional purchase from the year 1866 to the present time is a little more than 30,500 acres, the number of the applicants exceeding three hundred. There was a time when every free selection was supposed to represent a sturdy yeoman, his wife, and at the very least five children; but I suppose it is no longer possible to keep that delusion afloat, and am afraid that I cannot cheer the benevolent heart of the Rev. Dr. Lang, by pointing to the prospect of 300 homesteads with 30,000 acres of cultivated land attached as the result of free selection in this remote part of the colony. That the free selection clauses of the Alienation Act are being taken advantage of to a larger extent than formerly is evident from the fact that during the first half of this year the area of land conditionally purchased at the Forbes land office was 7580 acres, or nearly double that of any previous twelve months. Of the thirty thousand and odd acres selected, nearly three thousand were situated on the Billabong gold-field, the number of the applicants being thirty-eight. On this question of land and agriculture, I may be allowed to again quote from the journal already referred to:—"To specify the extent of land available for selection in this district would be simply conjecture, as there are hundreds of thousands of acres unoccupied, excepting by pastoral tenants of the Crown. The country consists principally of open box forest, with occasional sandstone and quartz ridges interspersed with immense flats, whilst the soil is alternately red and black loam. In Currajong, twenty-five miles from Forbes, the features of the country essentially change, hill after hill succeeding each other with a deep chocolate soil right to their summits. This locality has proved itself peculiarly adapted to the growth of cereals and the culture of the vine. The natural grasses of the district are possessed of wonderfully fattening qualities, and are most rapid and luxuriant in their growth. There are thousands of acres where a man on horseback can tie the grass in a knot across his horse's withers, and when new grass shoots it has been known to grow two inches in length in the twenty-four hours. As the country becomes more populated, and with extended areas of ground under cultivation, the climate and seasons are undergoing a perceptible change. Old residents on the river affirm that twenty years ago it was impossible to grow anything in the shape of garden produce owing to the uncertainty of the season and the prolonged droughts; now, however, it is different, the intervals between rain are not unusually long, and the absence of scorching dry winds is more marked year by year."

The position of Forbes with regard to the vast extent of squatting country beyond it makes the hospital an institution of great importance to the town and the district. Indigent persons suffering from decrepitude and disease are brought from long distances; and it is gratifying to observe that the liberality of the townspeople, with the assistance of the Government grant, has established a commodious hospital on the most elevated site in the town, and it is well supported. Police arrangements here are also of great consequence; not that the proportion of criminals is greater than in other parts of the colony, but the area over which police protection has to be extended is so vast, and the population so sparse, that there is probably greater scope for scoundrelism. A trooper who left Forbes when I was there to serve a summons would have to ride four days before he could reach his man. The police of the country districts appear to have arrived at a very high state of efficiency. As a rule they are splendid horsemen; they commonly display quick intelligence and fearless courage, and without swagger. I am tempted to make the remark not so much because I have had many opportunities of judging of their conduct and skill, as from the fact that certain recent exploits of the police at Forbes were the theme of general conversation among the inhabitants, who spoke in terms of enthusiastic admiration of the then late capture of the Queensland aboriginal held to have been solely concerned in the Howell and Pulbrook murder. In company with the multitude who followed at the heels of the Colonial Secretary, I had the honour of an interview with this gentleman. He was one of the most handsome blackfellows I have seen; but the scowl of defiance, hatred, and rage with which he met the gaze of his visitors gave anything but a pleasing expression to his features. Jacky, Charley, or whatever else be his name, was regarded as a very desperate character, and he had made several determined and ingenious attempts to escape. The gaol contains accommodation for fourteen prisoners, but is said to be not nearly large enough. While referring to police and criminals, some may be interested to know that the remains of the bushrangers Hall and O'Meally are buried side by side in the graveyard a little way out of town; and almost under the same sod rests the aboriginal tracker who was commonly employed in their pursuit. O'Meally was shot by Mr. Campbell, of Goimbla; and, after Hall was buried in the cemetery near Forbes, O'Meally's bones were disinterred and placed by the side of his lawless comrade. I have no disposition to sneer at the natural affection of those who may consider that the departed "were lovely and pleasant in their lives," and therefore took care that in their death they should not be divided.

There is but one seminary at Forbes, and that the Public school, a handsome brick building, erected in 1871. The names of 115 children are on the roll, and the average attendance is about 70. The School of Arts is a small wood building, well supplied with books and periodicals; and, as soon as the trustees get a grant of the site, they intend to put up a better edifice. The Municipal Council Chamber stands near it, and, though small, is no doubt sufficient for all practical requirements. On the opposite side of the square is the Church of England, a large edifice built of wood, but fast going to decay. Subscriptions are being obtained for a new building of a more permanent character. The other church in the township belongs to the Presbyterian body. There is a large square in the middle of the town, which when enclosed and planted ought to become an ornament to the town. Forbes has also the advantage of "a large commonage, containing several thousand acres, which has been granted by the Government to the inhabitants of Forbes and its neighbourhood," and which is under the control of the municipal council. If Sydney were to be endowed in the same proportion, we should have a public reserve of dimensions larger than the most enthusiastic alderman ever dreamed of. No one need grudge that the Government should grant "several" acres of land for each inhabitant; but the Sydney Municipal Council would probably be satisfied with an endowment of only *one* acre for each inhabitant, and in that case the public domain would exceed 76,000 acres, or, if the suburbs were included, say 150,000 acres.

RIFLE ASSOCIATION.

FOURTH DAY.

YESTERDAY, for the first time during the present meeting for the Rifle Association's matches, bright and favourable weather attended upon the day. The events contested besides the Merchants' Continuous, and the special match for the silver gun-carriage (of which Major Richards appears to have the best chance so far), were the Suburban Battalion prize, the Marksmen Contest, "All Comers," Naval Brigade, and Members. For each of these there were many entries, and the shooting was good. The detachment of the Naval Brigade marched down to the ground under the command of Lieutenant Jones, and presented an excellent appearance, looking refreshingly cool in their white caps and trousers. The day passed off without anything untoward occurring to mar the general harmony of the arrangements. The catering for the refreshments during the meeting has been entrusted to Mr. J. Weller, of the Waverley Family Hotel, who deserves commendation for the excellent quality of his viands and liquors and the promptness of attendance. Amongst those present yesterday were the Hon. Sir William Manning (president of the Association), Lieutenant-Colonel Richardson, Captain Christie (Major of Brigade), Major Jaques (field-officer of the day), Captain Chatfield (Adjutant), Major Richards, Major Black, Captain Holtsow, Captain Wells (who has been present each day), Captain Strong, Lieutenant Lindeman (New South Wales Artillery), Lieutenant Cooper (hon. secretary), Mr. F. Brewer (hon. secretary), Surgeon Bedford, Surgeon Nolan, Surgeon Mackellar, and others. To-day (Saturday) the most attractive programme of the meeting is presented, comprising the Intercolonial Competitors' Match, the Medal Match, Officers' Handicap, Donors to Continuous Match, the International Match, and the match for a fowling-piece. The continuous matches for Merchants' Prizes will close at 1 p.m. There will be two bands to discourse music during the day, namely, that of the New South Wales Artillery and the Brigade band. The public may, therefore, on this occasion, put in an appearance.

The result of the firing yesterday was as follows:—

ABSTRACT OF SALES BY AUCTION THIS DAY.

ADRAIN AND CO.—At their Mart, at 2, Clothing, Guns, &c.
G. KISS.—At the Bazaar, at 11, Horses, Vehicles, &c.
WOOLLER.—At the Horse Repository, Horses, Carts, &c.
BRADLEY, NEWTON, AND LAMB.—At their Rooms, at 10.30, Jewellery, &c.; at 11, Household Furniture, Electroplated Ware, Pianofortes, &c.
A. MOORE AND CO.—At their Mart, at 11, Clothing, Drapery, Fancy Goods, Jewellery, &c.

THE RAINFALL.—A correspondent writes,—Allow me to draw the attention of those who take an interest in natural phenomena, to the following fact:—By reference to the *Sydney Morning Herald* of October 10th 1872, it will be found that the fall of rain from January 1st to October 9th, 1872, was 28·576 inches; for the same period this year it is 57·953. We have had already almost exactly double the quantity of rain that had fallen at the same date last year.

MARAVILLA COCOA.—Taylor, Brothers' (the largest manufacturers of cocoa in Europe), having the exclusive supply of this unrivalled Cocoa, invite comparison with any other cocoa for purity—fine aroma—sanative, nutritive, and sustaining power—easiness of digestion—and especially, high delicious flavour. One trial will establish it as a favourite beverage for breakfast, luncheon, and a soothing refreshment after a late evening. N.B.—Caution, "Maravilla" is a registered trade mark.

MARAVILLA COCOA.—The *Globe* says:—"Taylor, Brothers' Maravilla Cocoa has achieved a thorough success, and supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For invalids and dyspeptics, we could not recommend a more agreeable or valuable beverage." For further favourable opinions vide *Standard, Morning Post, British Medical Journal*, &c.

HOMŒOPATHIC COCOA.—This original preparation, which has attained such a world-wide reputation, is manufactured by Taylor, Brothers, under the ablest homœopathic advice aided by the skill and experience of the inventors, and will be found to combine in an eminent degree the purity, fine aroma, and nutritious property of the fresh nut.

SOLUBLE CHOCOLATE, made in one minute without boiling. The above articles are prepared exclusively by Taylor, Brothers, the largest manufacturers in Europe, and sold in tin-lined packets only, by Storekeepers and others all over the world. Steam Mills, Brick-lane, London, Export Chicory Mills, Bruges, Belgium.—ADV.

BREAKFAST.—EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws, which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctor's bills."—*Civil Service Gazette*. Made simply with boiling water or milk. Each packet is labelled—"JAMES EPPS & Co., Homœopathic Chemists, London."—ADV.

THE BEST FOOD FOR INFANTS.—Used in the nurseries of the Prince of Wales, the Russian Royal Family, &c. "It is the best kind of Liebig's Food, and resembles mother's milk as closely as possible."—Dr. Barker on Right Foods for Children. "The infant Prince thrives upon it as a Prince should."—Dr. Richardson. "It is a real improvement of the ordinary kinds of Liebig's Food."—*The Lancet*. "Has been successful in every case, whereas a preparation, also called Liebig's Food, but by a different maker, has invariably been rejected by the infant."—Dr. Humphries. Notice.—This food is rich in flesh-forming and bone-forming constituents, and supplies all that is needful for the healthful growth of children. Infants fed on—it would be improper to say nourished by—Corn Flour and similar preparations must inevitably grow up rickety and idiotic. Sold in tins by Savory and Moore, 143, New Bond-street, London, Chemists to the Queen, H.R.H. the Prince of Wales, &c., and by all Chemists and Italian Warehousemen throughout the world.—ADV.

MORE than a thousand nostrums for the hair have been advertised into notoriety as hair dressings, and afterwards discarded as useless or deleterious, since BARRY'S TRICOPHEROUS was established in 1801; after having been tested by millions of both sexes during a period of 69 years, it remains the most popular article to be found for beautifying, invigorating, and cleansing the hair.—ADV.

THIS day, at half-past 10 a.m., at the Australian Auction Rooms, Pitt-street, jewellery, household furniture, &c. Bradley, Newton, and Lamb, auctioneers.—ADV.

The Cathcart, from London, with a general cargo valued at £69,000, arrived this morning.

The Northern escort has brought down the following quantities of gold:—Uralla, 196 oz. 1 dwt. 22 grs.; Nundle, 438 oz. 5 dwts. 1 gr.; Tamworth, 26 oz. 10 dwts. 11 grs.; Armidale, 38 oz. 13 dwts. 12 grs.: total, 699 oz. 10 dwts. 22 grs. During the week ending to-day, 11,175 oz. of gold were received for coinage at the Sydney Mint, and coin to the amount of 11,000 sovereigns was issued.

Holders of Bank stock manifest no disposition to make any concessions, and prices have been gradually hardening for some days past. City are now firm at 10⅜, and New South Wales at 49. These were the only sales effected to-day. Steam shares are steady; several transactions reported in Australasian at 19¾ to 20; Illawarra wanted at 4⅞, sellers asking 5. For insurance shares there is some inquiry at lower prices than sellers will accept. Gaslight firm at late rates; sales of fully-paid at 16½. Government debentures are inquired for. New South Wales fives could be placed at 108, and interminables at 101½.

The course of sales for the past week has been:—Banks:—Joint Stock, 13¼, 13⅜, 13½, 13⅜; City, 10¼, 10⅜; Commercial, 78, 77½, 78; New South Wales, 48, 49. Debentures: New South Wales (1891), 108; Queensland Sixes (1882), 108. Insurance: Sydney Fire, 63s. Steam: A. S. N., 19⅞, 20, 19⅞; Illawarra, 4⅞; Gaslight (fully paid), 16½.

The only change perceptible at the weekly produce sales held to-day was a slightly improved demand for town lots of tallow without any alteration in price. The hide market showed no improvement beyond a better inquiry for well-cured first heavy and extra weights. The sales were as follows:—

By Mr. Turner.—Hides: 7 at 7d., 30 at 6¾d., 5 at 6½d., 3 at 6¼d., 27 at 6d., 28 at 5¾d., 40 at 5¾d., 56 at 5¾d., 21 at 5½d., 92 at 5⅝d., 35 at 5¼d., 150 at 5¼d., 99 at 5d., 61 at 4¾d., 89 at 4¾d., 20 at 4½d., 3 at 4¼d., 2 at 4¼d., 41 at 2½d., 83 calfskins at 1s. to 4s. 3d., 21 yearlings at 5s. 6d. to 6s. 3d., 8 horse hides at 4s., 38 at 5s., 6 at 5s. 6d., 7 at 5s. 8d., 33 at 5s. 9d., 14 at 6s. 1d., 20 at 6s. 3d., 102 at 6s. 6d., 13 at 6s. 7d., 10 at 6s. 8d., 153 at 6s. 9d., 24 at 6s. 10d., 12 at 6s. 11d., 318 at 7s., 67 at 7s. 3d., 136 at 8s., kangaroo skins at 14½d. to 15d. per lb., wallaby at 7d. to 9½d. By Mr. Bridge.—Hides: 6 at 6¼d. per lb., 55 at 6d., 21 at 5¾d., 11 at 5½d., 9 at 5¼d., 17 at 5¾d., 100 at 5d., 10 at 4¾d., 21 at 4¾d., horse hides at 5s. 7d. to 6s. 4d., calfskins at 2s. 6d. to 4s. 2d., pigskins at 3s. 10d., yearlings at 5s. to 6s., kangaroo skins at 17s. per dozen. Hair at 13½d. to 23½d., mane at 17½d.

By Messrs. Richardson and Wrench.—Hides: 5 at 5d., 60 at 5¾d., 45 at 5⅜d., 11 at 5½d., calfskins at 5s.

The indisposition exhibited lately to buy new teas, except at prices considerably below importers' values, interfered with Messrs. Stubbs and Co.'s sale of the Ferdinand's cargo this morning. A few lots changed hands at 1s. 11d. to 2s. 1d. for fine congous, £4 12s. to £5 7s. for medium, 2s. 2d. for orange pekoe, and the balance was passed in for better prices. Three lines of ration and low counter sugars were disposed of at £28 15s. to £33; damaged woolpacks at 3s. 8d.; ditto cornsacks at 11s. 4d. Arrivals of goods since the departure of the English mail have been rather heavy. Yet they have not made any alterations in quotations. An improved demand has been experienced for articles of general consumption, and there is only more doing in country supplies.

Messrs. Richardson and Wrench sold by auction to-day the Barley Mow Hotel, at the junction of Park and Castlereagh streets, for £3950—Mr. C. J. Roberts, purchaser; allotment of land, 21½ feet to Barrack-street, with a number of small houses thereon, £1045—Mr. John Frazer, purchaser; shop, store, and premises at the corner of George-street North and Little Essex-street, £2550—Mr. E. Orr, purchaser; about an acre and a quarter of land, Cheltenham Estate, Burwood, £112 10s.—Mr. J. Gordon, purchaser; allotments of land, Vickery-street, Waverley, £2 5s. to £2 15s. per foot, and fronting reserved road at the rear 20s. per foot. The same firm have also sold during the week—Land, Hutchinson-street, out of Pitt-street, £11 per foot—Mr. P. Finnigan, purchaser; two small cottages, Victoria-street, Surry Hills, £220—Mr. J. Johnson, purchaser; several allotments of land, Sterling-street, Redfern, £4 per foot; allotment, 42 feet to St. Mark's Road, Randwick, 20s. per foot—Mr. H. Whitehead, purchaser; allotments, Milson's subdivision, St. Leonards, 25 feet to Alfred-street, 40s. per foot—Mr. J. Beatson, purchaser; 25 feet to Arthur-street—Mr. J. C. Pearce, purchaser; 25 feet to the same street, 25s. per foot—Mr. C. Clifford, purchaser; 50 feet to the same street, 25s. per foot—Messrs. Pearce and Young, purchasers; allotment of land, Wilson-street, Newtown, 40s. per foot—Mr. W. Webb, purchaser; allotment, Australia-street, Kingston, 25s. per foot—Mr. W. Chevill, purchaser; dwelling-house, No. 77, Macleay-street, £2100—Mr. W. Long, purchaser.

MINING.

FRIDAY EVENING.

WE cannot say that there is yet any actual improvement taken place in the value of Hill End shares. At the same time we think that the recent discovery in Fischer-Beards, and satisfactory news from some of the other claims, has had a tendency to encourage holders. Fischer-Beards sold, to-day, at 12s. to 12s. 9d.; Hickson, Creighton, and Beards, at 5s. 3d.; and Krohmanns, at 14s. Peak Downs shares were quitted at 15s. 3d. to 15s. 6d., closing weaker, sellers at the lower rate; South Cobar sold at 7s. 9d.

The course of sales for the past week has

been :—Coal : Waratah, 12¾ ; Shale and Oil, 23s. Copper : Peak Downs, 15s. 3d., 14s. 9d., 15s. 3d., 15s. 6d. Mount Perry, 18s , 18s. 3d , 18s. 9d. ; Normanby, 5s. 3d , 5s. 6d , 5s. 3d. ; South Cobar, 7s. 9d. Gold : Carroll and Beards, 8s. 6d., 8s ; Krohmanns, 14s. 6d., 14s. ; Rapps, 2s. 9d , 2s. 6d. ; Daysprings, 3s., 3s. 6d., 4s. ; Hixson, Creighton, and Beards, 5s. 3d. ; Royal Standard, 12s., 12s. 6d., 12s. 9d. ; Rawsthornes, 3s. 6d. ; Paxtons, 2s. 9d. ; Hustler's Tribute, 48s., 50s.

Messrs. F. Fahey and Co. report having sold by auction and private sale, to-day :—250 Jeffree and Gellards at 3s., 405 Rose of England (Jeffree) at 2s. 9d., 100 Krohmanns at 14s. 3d., 100 Carroll and Beards at 8s. 8d., 250 Daysprings at 3s. 9d. ; and several small lots at current prices.

At the meeting of shareholders of Brown's G. M. Co. held yesterday at the Exchange, the resolution for an increase of capital by the issue of 35,000 new shares, passed at a previous meeting, was duly confirmed. A letter from the mining manager, dated 8th instant, was also read, and of which the following is an extract : "I expect that you will have had another meeting of shareholders to confirm the increase of capital. Cock, Attwood, and Co. have commenced to crush this week ; the quartz is from the block of ground that was left at 150-feet level ; the same block is left in our claim at that level not worked. They finished last night 4½ tons of the best of the vein, which gave a return of 180 ounces of gold, or 40 oz. to the ton. This looks favourable for our ground that is standing not worked at that level. I was below a few days ago, inspecting the workings. At that time they were about eighteen inches from our boundary. The gold looked very well at that place, with every indication of continuing through our ground."

A general meeting of the shareholders of Marshall's Rich Vein G. M. Co. was held this afternoon, at Deloitte, Brothers' office, when a statement from the mining manager was read, and it was unanimously resolved that all calls should be paid, and the works at the mine be prosecuted with vigour as the prospects at the mine were thought to be second to none in the district.

Beyers and Holterman's G. M. Co.—The mining manager reports, under date 9th October, as follows ;—"Since my last report of the 2nd instant everything has been carried on as usual, and I have to report no alteration in the workings of the mine. This week 5 feet of sinking has been done in the winze shaft, making to date a total depth of 25 feet. We are taking out the vein on this level. Stoping operations are likewise being carried on in No. 3 and No. 5 levels ; the west drive on No. 6 level has been discontinued. The north shaft has been sunk a further distance of 4 feet, making a total depth of 30 feet below No. 6 level. In this shaft we have cut a very promising-looking vein, carrying mica and a little fine gold, since my last report. This vein is about 4 inches thick. Stone raised this week ; No. 2, 10 cwt. ; No. 3, 15 tons : total quantities—No. 2, 1 ton 15 cwt. ; No. 3, 130 tons."

LAW.

METROPOLITAN DISTRICT COURT.

FRIDAY.

BEFORE Mr. District Court Judge DOWLING.

HULKS V. COHEN.

This was an action for money paid under the following circumstances :—About July, 1872, plaintiff, defendant, and others were associated together as promoters of the Sydney Enterprise Gold Mining Company. Plaintiff ordered a map of the ground belonging to the company, for which he had to pay £13 1s. ; and he now sued defendant, who was, at the time named, the acting secretary or manager to the company, to recover that amount. The defence was mainly that plaintiff and defendants were jointly partners in the company, and that therefore the action would not lie. His Honor reserved judgment. Mr. Pilcher, instructed by Mr. G. W. Lucas, for plaintiff ; Mr. H. E. Cohen, instructed by Messrs. Levy and De Lissa, for defendant.

SIMPSON AND ANOTHER V. BRADFORD.

This was an action for breach of contract, damages being laid at £200. Plaintiffs were James Henry Simpson (known on the stage as Mr. Rainford), and Marmaduke Constable ; defendant was the proprietor of the Masonic Hall, in York-street. The case for plaintiffs was that they engaged the Masonic Hall from defendant for the nights of Saturday, August 30, and the following Tuesday, Wednesday, Thursday, Friday, and Saturday, for the purpose of giving dramatic performances by Mr. Rainford in conjunction with Mrs. Constable (Miss Joey Gougenheim) and a company of some ten other performers. It appeared that Mr. Constable first saw Mr. Bradford, respecting the hall, but came to no arrangement. He afterwards saw him again in company with Mr. Simpson, who had on a previous occasion engaged the hall for a similar purpose. They then, according to plaintiffs, engaged to take the hall for the nights named, for the sum of £10, with the understanding that the scenery and proscenium were to remain just as they were when Mr. Simpson had the hall previously, with the exception that the foot-lights and side-lights had been taken away, as defendant stated to them, on account of a letter received from the insurance company, stating that they must remove them or the insurance would be vitiated. It appeared that the company performed on the Saturday night (August 30) with but moderate success, the takings being under £10. On the Monday, when the company did not perform, owing to the hall being let for the meeting of the Society for the Promotion of Morality, they went to rehearsal, and during that time Mr. Simpson heard that the scenery was to be removed. When he went in the afternoon he found defendant engaged in pulling down the scenery, &c. Plaintiffs remonstrated with him, and tendered him the £8—balance of the rent agreed upon. This, however, defendant refused to accept, unless they agreed to take the hall without the scenery. In the evening of the Tuesday plaintiffs and their company went to the hall, but they found the whole of the scenery removed, so that they could not carry on the performance, and had to refuse to accept the money of the persons who attended. On the other side defendant positively swore that when he let the hall to the plaintiff Simpson, (for he could not rememember having seen Constable in the matter), he positively informed him that he had received notice that he would have to remove the scenery and proscenium, and that he let the hall under those conditions. His Honor found a verdict for plaintiffs, £67 14s. 2d. Mr. Salomons, instructed by Messrs. Jaques and Jaques, for plaintiffs ; Mr. Darley, instructed by Messrs. Rolin and Salter, for defendant.

SPECK V. HOEN.

Action for money lent, the sum of £25 being claimed. Plaintiff stated that defendant had been brought to him by a Mr. Haines, and that he lent him the sum named in a cheque. Defendant, on the contrary, alleged that he knew nothing whatever of Mr. Speck, but that the latter had lent the money to Haines in order that he might pay a debt due by Haines to defendant. Verdict for defendant. Mr. Jacques for plaintiff. Mr. Gannon for defendant.

STONE V. KING.

Plaintiff, a meat preserver, sued defendant, of the Sydney Meat Preserving Company, to recover the sum of £19 12s., alleged to be due for work and labour done. The terms of agreement between the parties formed the subject of dispute, there having been no written contract. His Honor found for plaintiff, £2 11s. 3d. Mr. Want for plaintiff ; Mr. Gannon for defendant.

CANNON V. ANDERSEN.

Plaintiff sued to recover for money lent, goods sold and delivered, and for services performed. Defendant did not appear. Verdict for plaintiff, £21 18s. Mr. Carroll for plaintiff.

INSOLVENCY COURT.

THURSDAY.

BEFORE the CHIEF COMMISSIONER.

IN THE MATTER OF WILLIAM WRIGHT, DECEASED.

A special meeting for the examination of witnesses.

Charles Jarrett, being called in, declined to be sworn until his expenses were paid.

His Honor said that this person was entitled to be paid his expenses, or else to refuse to give evidence. If the expenses were not paid he would be entitled, having been summoned, to recover them.

Mr. De Lissa asked that the witness might stand down for the present till he could consult with his clients.

James Wright, sworn and examined by Mr. Davis, instructed by Messrs. Levy and De Lissa : I am one of the executors of deceased ; I am his nephew, and was employed in his office two or three years prior to his death ; I am well acquainted with the business he was carrying on ; his business was to fit out cedar cutters with rations, goods, and money—general supplies—in return for which he got cedar, which was left on the ground until a convenient opportunity occurred for bringing it to Sydney ; I knew the state of his business at the time of his death ; I would like to know what you call a large quantity of timber ; the Richmond and the Brunswick rivers are in the same district ; the timber is got from the same ridge, and is sent down on the one side to the Richmond, and on the other to the Brunswick ; I know this from having been there myself ; at the time of the death of the testator he had timber on the Richmond, and also on the Brunswick ; the quantity of timber mentioned in the schedule is only a rough estimate ; I was up the river six months ago, immediately after the sale of the estate by the official assignee ; this sale was made on the 28th March, and was negotiated by Messrs. Raynes, Treeve, and Barlow ; they were two or three days negotiating the purchase ; they made an offer for the purchase, this was refused ; then the official assignee made them an offer to sell at a certain price, and that was accepted ; the purchase was made for themselves ; of course there has been an arrangement made since, between these parties and myself, but the original sale was to them ; Mrs. Wright receives a benefit from that sale now ; it was understood at the time of the purchase that Mrs. Wright was to have the benefit of it ; it was not understood before the estate was sequestrated, that a sale of the assets should be made for her benefit ; I will swear this positively ; before the sequestration we had not the slightest idea of purchasing the assets ; I took a benefit under the sale ; Mrs. Wright and I were to have so much per week out of the profits for working the business ; Mr. Barlow was induced to take an interest in the purchase, but much against his inclination ; I did not know at the time of the sequestration what quantity of timber there was on the Richmond and the Brunswick, nor did Mrs. Wright nor Mr. Barlow ; nobody knew anything about it but Jarrett ; Norton, our accountant, prepared the schedule under my direction ; the estimate of the value of the timber on the Richmond was merely guesswork, for we had not the slightest idea what it was ; and I never got any estimate of the quantity from Jarrett ; I went up after the sale to settle matters there, to make arrangements with the debtors, and for other things ; he gave me then an estimate of the timber on these rivers ; I suppose the value would be about £1200 or £1500 ; I do not recollect what was the quantity, but the quantity must have been mentioned by Jarrett ; the timber was on both rivers, the Richmond and the Brunswick ; I stayed there a couple of months ; the £1500 value I got from Jarrett included everything ; I stayed there two months ; they were shipping timber whilst I was there, but I cannot say how much without the books ; the WW brand on the timber was not confined solely to the timber belonging to the deceased's estate, for the same brand was also put upon timber purchased since ; we have purchased a good deal of timber since, but I cannot say how much ; by purchasing the timber we were collecting the debts due to the estate, as the timber cutters gave us timber for what was due by them to the estate : that was the way I have purchased, though I may have bought some for cash ; I may have bought £600 or £700 worth, independently of what I have sent supplies for ; since the purchase we have sent up a large quantity of supplies, to the value of over £1000 in groceries and general supplies. We have purchased these by moneys obtained from sales of timber and from the business generally ; I should think that we had received about a couple of thousand pounds worth of timber from the river since the purchase ; all the timber has come here ; some has been sent to Melbourne, but it came here first ; the Atlantic was employed in the timber trade ; she has made three trips since the purchase ; she carries each trip about £1600 ; I mean that the value of her three trips would be about £1600 ; there were two vessels running to the Richmond, the Commerce and the Storm King ; they have each brought three or four cargoes since the purchase ; the value of the cargoes of the Commerce has been about £200, and those of the Storm King about £600 ; the latter has been principally Mr. Jarrett's timber, and of the other cargoes the timber was not all our own, but was some sent up to us for sale on commission ; of the three cargoes by the Atlantic, part of one was sold to Mr. Taylor for £1300, but then there are freight and expenses to be taken into account ; the whole cargo netted between £1400 and £1500, subject to expenses ; I think that about £1600 would be the net value of the paying expenses of the three cargoes, and they would be worth in Sydney about £4000 ; we reckon to get half the timber for fetching it up ; then there are the expenses of bringing it down to the creek ; the Atlantic belongs to Raynes, Reeve, and Barlow, as forming part of the assets purchased by them ; I did not pay freight for the timber brought down by the Atlantic—the vessel is our own ; it is not merely the expenses of the vessel that have to be considered, for she has to make a profit ; the Commerce and Storm King belonged to the same parties ; we had no other vessels running ; there was a mortgage of £1500 on the Commerce and the Atlantic, and of £800 on the Storm King, at the time of the sequestration ; at that time the Atlantic was not worth £3500 ; I say that the timber on the Richmond and the Brunswick is the same, the only difference being that by taking it into the Richmond you would have to take it round 150 miles for shipment, whilst by getting into the Brunswick there was only a short distance to go ; I always reckoned them to be the same thing, and never drew any distinction between them, for the men getting timber on the Brunswick used to draw their supplies from the Richmond ; in calculating the value of the assets of the estate, I put down £1000 as the value of the timber on both rivers, meaning to include the whole lot ; the letter of 20th June, 1872, is in my handwriting, and was written when I was carrying on the business as an executor ; our private books will show what timber we have received since the purchase and the amounts realised ; but I object to let you see what is contained in our private books ; nearly the whole of the debtors to the estate on the Richmond are timber cutters ; we gave them supplies to enable them to cut timber ; to that extent paying them in advance ; they have to bring the timber to the river, where they are paid the balance ; I kept them on cutting as the only way of getting the money due to the estate, and when I say the value of the timber was £1500, if it had been sold to anybody else it would not have fetched that much, because even if found the timber would much of it not have been got out for years ; Mr. Barlow is one of my co-executors ; he left the whole matter in my hands ; he had no conference about the value of the timber at the Richmond and Brunswick ; he knew nothing about the quantity, and I who knew the business could only make a rough estimate of its value, and I arrived at this from what Jarrett had told me ; when we took the estate up we estimated the value of the timber at £2500 ; from an estimate made by Jarrett about six months previously ; after that we began reducing the accounts by £1000 or more, and consequently the quantity of timber was reduced ; I got the information from Jarrett about six or nine months prior to my uncle's death when he was in Sydney ; we have no stock book or list that will show the amount of timber on hand at the time of my uncle's death ; the quantity mentioned in the schedule as lying at the Richmond was just a guess calculated on the amount we had been in the habbit of receiving ; when I went down there I found out from Jarrett, just roughly, what was on hand ; I consider that £1000 would have been the full value of it if it had been put up to auction ; I did not find out the quantity of timber marked W. W., but Jarrett estimated the value at from £1200 to £1500 ; I cannot tell how he got at this value, for the value varied ; some of it being ready for shipment, some being in the river, and some in the bush ; in this way some of it was worth three times as much as others ; all the timber I purchased I branded myself when I was down there, and that is how I know that some of the timber received by us since the sale was purchased by me ; when I say I purchased it ; I mean from the old accounts ; some of it was for cash, but I cannot say how much ; I know that the timber obtained was principally on the old accounts, but then we still had to keep them going, and their accounts were still running on ; since the purchase of the assets two cargoes of timber by the Commerce have been purchased by us, and the third was sent up to us by Jarrett for sale ; these men owed the estate a certain amount, and when I went up I agreed with them to take a certain amount of timber for the debts ; as the accounts stand now they are even heavier than they were when we took up the business ; the cargo of the Storm King was principally from the old debts, but Jarrett is the only person that can give you any precise information on this point ; of the Atlantic's cargoes some of the timber was already cut, some was provided by the old debts, but the greater portion belonged to Mr. Jarrett ; I suppose that Mr. Jarrett's account stands just about the same as when we took up the estate ; the timber sent down by Jarrett was his own, and did not belong to the estate ; he was not bound to hand over a log to us ; we are not in the least interested with him, and if he chose to give us money instead of timber for what he owes us, we should be bound to take it ; the timber was not sent in liquidation of an amount due to the estate—not particularly so, because we carried Mr. Jarrett on, and kept sending him goods, and receiving timber for them ; we always supposed Mr. Jarrett to be good for the amount he owed the estate ; had it not been for that we should not have purchased the estate, as it was the only one we thought good ; the books were kept by Norton and myself ; the credit to Jarrett of £1500 is for the amount of timber received from him from September, 1872, up to the date of sequestration ; it is the estimated amount due to him for timber, rafting, and one thing and another—bringing timber over the bar, attention to it, and commission ; I have no documents showing how this was made up ; it is only an estimate, made for the purpose of getting at Jarrett's indebtedness to the estate ; that indebtedness we found to be £4400, after taking off the £1500 ; there is an entry dated December, 1871, being for an allowance as agreed of £2000 to Charles Jarrett placed to his credit ; this was made by order of my uncle, who in August, 1871, acknowledged an overcharge of £2000 against Jarrett ; it was not entered till August, 1872, because the books were not made up ; I was aware of this allowance, as my uncle had told me of it, and it was not entered up by the executors, because they thought they might get Jarrett to accept an allowance of something less ; he had been offered an allowance of £1500, and would not accept it ; Mr. Jarrett has no interest in our business, his only interest is to get timber to clear up his accounts ; I have no document or account to show how Jarrett is entitled to this allowance ; my uncle told me to make the allowance without going into particulars ; Mrs. Wright purchased the claims of many of the creditors of the estate for her brother-in-law, Mr. Albert Palmer ; I do not know who furnished the money ; I believe that Messrs. Raynes and Treeve found the money ; they gave it to Mrs. Wright to buy up these claims ; I believe so, but I was away at the time ; a dividend of 7s. 6d. in the £ was declared in the estate, and I know that from the price she paid, Mrs. Wright is out of pocket by the purchase ; I do not believe that any creditor has been paid 20s. in the £ ; I do not know that any creditors whose names are not in the schedule have been paid 20s. in the £ ; I know they have not been paid by Mrs. Wright, though I believe that some arrangement was made with a person named John Carr.

Mrs. Frances Eleanor Wright, widow of the late William Wright, sworn and examined by Mr. Davis : Messrs. Raynes, Treeve, and Barlow purchased the assets in the insolvent estate of my late husband ; I know very little about it ; the official assignee first told me about it ; I had no interest in it, and was not consulted in the matter ; I do not know for whose interest it was made.

His Honor ruled that these matters could not be gone into. The examination must be confined to the legitimate object of the discovery of assets.

Mr. Davis, on this ruling, considered it unnecessary to continue his examination of this witness.

The meeting was adjourned to the following day.

FRIDAY.

IN THE MATTER OF ARCHIBALD CHISHOLM.

A meeting for the examination of witnesses adjourned from the 18th October. On the application of Mr. Bradley the meeting was further adjourned, in consequence of the absence of a witness, to the 16th October.

IN THE ESTATE OF CHARLES ROUT.

A second meeting adjourned from the 26th ultimo. The following debts were proved :—James Macgregor, £102 ; and W. H. Arnold, £24 11s. 3d.

Mr. Thomas Macgregor amended the evidence given by him on the previous day, by deposing that insolvent had paid the firm of James Macgregor £1100 from the date of the bill of sale to time of sequestration.

Insolvent examined by Mr. Thomas Macgregor : I had some £7 or £8 in my possession when you put a man in charge under the bill of sale ; I had not £10 ; on the Saturday I may have had £10, but not on the Monday.

The meeting terminated.

IN THE MATTER OF JOHN BURTON.

A special meeting for the examination of witnesses. Mr. Pilcher, instructed by Messrs. Russell and Holden, appeared to conduct the examination ; and Mr. C. J. Manning, instructed by Mr. J. Dawson, to watch the case for the witness.

Mr. Francis George Hankey sworn and examined by Mr. Pilcher : I know John Burton, and have had transactions with him ; the F. G. Hankey mentioned in his schedule is very likely myself ; the signatures to the mortgage deed produced are mine ; the signatures to the promissory notes are mine, but I must have been mad when I made them ; I had them in my possession once, and, like a fool, I returned them, as I ought not to have done ; there are four bills of exchange, for which I got nothing ; the signatures produced on these other documents are mine, I believe, but I will not be certain about it, for I have had my signature imitated two or three times so successfully that I could hardly tell them from my own ; the mortgage deed purports to convey two sets of parcels, one being the lands and premises known as Plasmallow, the second being land and premises known as Middleton Hall, Uphall ; I do not know whose property this is now ; it was mine at that time, but I believe that my father has dealt with it since ; I have not executed any deed in respect of those parcels since the mortgage ; I received the money mentioned there, and gave the conveyance, subject to a mortgage, to my father ; I know nothing about how the property has been dealt with ; I am now engaged in making inquiries about it ; I swore the affidavit produced in the full belief that the property was to be mine, but I have not got it yet ; I do not know whether my father is dead ; I received a communication from home stating that he was in bad health, and not likely to live, but I have had no communication about his death ; I only know it from the papers, and if you believe all you see in the papers you will have enough to do ; my father's name is William Hankey ; this announcement in the papers is all I know about him ; since I have seen this announcement I have received £5000, which I have made over to my wife and daughter ; I have paid all my engagements to John Burton ; I cannot say how or when, but Richard Johnson and Henry Milford will be able to prove it ; I have paid back all the money I have received from Burton with interest, and good interest too ; he has never said to me that the official assignee has commenced an action against me ; I do not know what my solicitor has pleaded ; I left the matter entirely in his hands ; the signatures are mine certainly, and I have said so, but I must have been exceedingly drunk when I wrote them ; although they are mine, but you will have to find out under what circumstances they were got from me ; the £5000 I got some months ago during this year ; Mr. Neill, of the City Bank is one of the trustees for my wife and Mr. A. O. Gilchrist is the other ; Mr. Neill has the deed ; I have not the slightest idea of where the £5000 came from ; but I got it through the Rev. Mr. Moreton ; I do not know what property besides the £5000 I take under my father's will ; I know of nothing, either money or property—that is what I want to find out ; I have received no more than the £5000 and have not received the rents of the mortgaged properties ; I keep my bank account at the City Bank, and formerly at the Bank of New South Wales, though I have had drafts on the Union occasionally ; Burton suggested to me when I was in this office that I should not pay the official assignee anything, as I ought not to pay a single farthing ; I said "if there is anything to be got out of it, I would sooner give you the benefit of it than anybody else ;" he said I ought not to pay anything, and I then told him that if he would give me up the deeds I would give him £200 ; the letters produced are in my handwriting, or signed by me, with one exception, and that was written under my direction ; when I saw the account of my father's death I went into mourning, and am in mourning now ; I have communicated with my friends at home on the subject, but have received no answer ; I believe the £5000 was from my father's estate ; I do not believe it, I am sure about it ; as far as I am concerned I own nothing in the world ; Mr. Neill purchased out of the £5000 a vessel named the Rosebud, trading to Newcastle, and she is registered in my wife's name ; I own nothing but what I stand upright in ; some of the money has been lent to different firms in Sydney by Mr. Neill on behalf of my wife ; I cannot say how much has been lent.

Mr. William Neill, manager of the City Bank, sworn and examined by Mr. Pilcher : I know F. J. Hankey ; he keeps his account at our bank ; I heard from him that his father was dead in England, and I saw it in the newspapers ; at the end of last June I received £5000 for him through the London agents of the bank ; certain documents were also sent out by the agents of his father's trustees to be executed by Hankey ; they were so executed, and were sent home ; they were the ordinary legacy receipts ; about the half of this amount had been drawn against, and Mr. Hankey has since drawn the other half by cheque ; it is not correct that he has settled the £5000 on his wife and daughter, and that Mr. Gilchrist and myself are trustees ; I was first introduced to Hankey by a clergyman, who requested me to see that the money which would be received from England should be settled for the benefit of Mr. Hankey's wife, and desired that I should take the control of it ; in the interim of the money coming out, I allowed him to draw on the City Bank ; I received £3000 from Hankey to invest in scrip or otherwise on account of the wife and child, of which he has since drawn about the half ; I placed his child with Mrs. Tait, where she still is ; £2000 went to cover cheques drawn prior to the receipt of the legacy, and about half of the £3000 is invested in scrip, which I hold as trustee for Mrs. Hankey ; I purchased the Rosebud, and now hold it under mortgage to the bank as security for advances to Hankey.

The meeting closed.

IN THE ESTATE OF JOHN GRIVES.

A third meeting, adjourned from the 8th instant. One debt was proved, Kelk and Alford, £82 10s. The official assignee filed his report, no directions were given, and the meeting terminated.

IN THE ESTATE OF THOMAS CARRUTHERS.

A single meeting, adjourned from the 8th instant. One debt was proved, J. Griffiths, £12 5s, and the meeting terminated.

IN THE MATTER OF WILLIAM WRIGHT, DECEASED.

A special meeting for the examination of witness.

Henry Jackson was called by Mr. De Lissa, but on coming into the box said he had come from Brisbane Water, and refused to be sworn until he received his expenses.

His Honor said that the witness was entitled to receive them.

Mr. De Lissa confessed that his client was not in a position to pay this witness and the witness Jarrett.

His Honor ordered Jackson and Jarrett to be discharged from attendance, and said that he would take care in future never to grant a summons for a country witness unless the attorney applying for it undertook to pay the expenses of such witness.

No other witnesses being in attendance, the meeting terminated.

SURRENDER.

Cornelius M'Cosker, of Singleton, innkeeper. Liabilities, £107 18s. 6d. Assets, £29 12s. 6d. Mr. Mackenzie, official assignee.

CENTRAL POLICE COURT.

FRIDAY.

BEFORE the Police Magistrate, with Messrs. Pinhey, Jolly, Reading, Goold, Oatley, Palmer, Fowler, and Charlton.

Seven persons were fined for drunkenness.

Catherine Sullivan was charged with stealing 1s. George Hayward, a boy of about 12, deposed that about 9 o'clock this morning he was on Newtown Road, going to a chemist for medicine, when he dropped a shilling ; when he stooped to pick it up, prisoner pushed him aside, and took up the money ; she refused to give it to him, and he reported the matter at the station house, in consequence of which prisoner was apprehended. She gave a shilling to the constable, saying that, as she did not believe the boy dropped it, she conceived that she had as good right to it as he. To be imprisoned until the rising of the Court.

John Carter was charged with embezzlement. Alexander Smail, of Derwent-street, Glebe, baker, deposed that prisoner was employed by him as a carter ; it was his duty to deliver bread, to receive payments from the customers, and to account every evening to him for moneys received during the day. William Kelso, of Chippendale, deposed that he paid to prisoner on account of Smail, for bread delivered to the 6th September, £2 16s. 4d. ; the bill delivered included a balance of account rendered, which was an error, as witness was not owing any balance of former account ; produced prisoner's receipt. Ellen C. Williams deposed that on the 9th September she paid to prisoner £1 for bread delivered. Nellie Harris deposed that about the 9th September, she paid to prisoner the sum of 10s. 7d. due to Mr. Smail for bread. Prosecutor deposed that prisoner had not paid to him nor accounted for either of the sums in question. Prisoner offered no defence, and was committed for trial at the Central Criminal Court.

Ann Rowley was ordered to enter into a recognizance with two sureties in £5 each, to keep the peace for one month, on the complaint of Sophia Austin, that she had put her in bodily fear, by threat of personal violence in terms too gross for publication.

Six prisoners were discharged.

On the summons paper were fifteen cases, of which two were dismissed, other two were postponed, one was not prosecuted, and in another a warrant was issued for the apprehension of the defendant. In Parke v. Pearman, affiliation, an order was made for payment of 10s. a week for the child's support, defendant to give security for twelve months' payment. Michael Fitzgerald was fined 10s. for assaulting John Beattie. In Jones v. Farell, for wages, an order was made for payment of 20s., the sum claimed. James Fuller was charged with cruelty to an animal, a sheep,—dragging it by the head while two or three dogs were biting it, knocking it down and stamping upon its head—and was fined 10s. John Clarke and Charles Ford were fined 40s. each for riotous behaviour on Canterbury Road, thereby disturbing the congregation in church. Jonas Ayre was fined 2s. 6d., and Robert Newell 5s., for placing goods upon the footway.

LICENSING BUSINESS.—A pawnbroker's license was granted to Bedelia Moss. Two publican's licenses were transferred :—John Bull Inn, Newtown Road, from John Hemmens to David Farrow ; and the Commercial Hotel, George-street, from Charles Hunt to James V. Hagnahan.

WATER POLICE COURT.

FRIDAY.

BEFORE the Water Police Magistrate, with Messrs. Hale, Lester, Wynne, and Tait.

Several drunkards were fined.

Charles William Beaney was charged with assaulting and beating Isabella Wildman. Prosecutrix deposed : I live in Riley-street, Woolloomooloo ; I know defendant, but I am not his wife ; on Sunday week last, I was on my way to church alone ; defendant called out to me two or three times, but I did not answer ; he followed me into the church, and left again shortly before the service terminated ; when I came out I took the arm of Mr. Beauchamp who lodges at my house, and who was going to escort me home ; after walking a short distance defendant came up and called to me, but I refused to go to him ; he then caught me by the arm and tried to drag me away ; he made a blow at Mr. Beauchamp, who raised his stick to protect himself ; defendant said that I was his wife and that I would have to go with him ; I contradicted him and said that he had no right to touch me ; defendant dragged me from Sussex-street near Goulburn-street, to the Haymarket ; I appealed to several persons to assist me, but defendant deterred them, saying that I was his wife ; opposite defendant's shop door in George-street I spoke to a policeman ; I asked him not to go away as I would not go into defendant's house ; the policeman made defendant let me go. By Mr. Bull : I decline to say whether I ever lived with defendant as his wife. Joseph Cecyer deposed that he was walking along Sussex-street when he saw the defendant dragging prosecutrix along the street by main force ; defendant stated that he was complainant's husband ; he dragged her from Sussex-street to the Haymarket ; sometimes she freed herself from him, but he caught her again round the waist ; opposite his own shop door the police asked him if he had been living with her as man and wife, and when he said "no," the police made him let her go. By Mr. Bull : There is a place of worship in the neighbourhood called the Latter Day Saints ; I am a member of that persuasion ; prosecutrix was in that church on that evening. Robert Beauchamp deposed : I reside at the same house as defendant ; on Sunday week last I offered to see complainant home from my place of worship, which is situated at the corner of Dixon and Mill streets ; at the corner of Goulburn-street defendant came up and seized complainant by the waist with one arm and with the other hand attempted to strike me ; last witness at the same time came up, and threw defendant on his back, and the latter then began to call out that the Mormon elder was talking away his wife ; I went to look for the police, and when I came back I saw defendant dragging complainant along the street ; there was an immense crowd of people present. By Mr. Bull : Complainant was in our church only once before. The Bench ordered defendant to pay a penalty of £3, together with 5s. 10d. costs of Court, and 21s. professional costs. Mr. Buchanan, instructed by Mr. Greer, appeared for the prosecution ; and Mr. H. Bull for the defence.

SUMMONS SHEET.—The summons sheet contained twenty-four cases, in fifteen of which the informations were laid by inspector Seymour. John Kennedy was fined 40s., and 5s. costs, for neglecting to keep his premises clean. John Moran, Edward Poulton, Andrew Scott, and James Elphinston were fined 20s., and 5s. costs each, for commencing buildings without first putting up platforms and hand-rails. William Green, for allowing the contents of a water closet to soak therefrom, was fined 20s., and 5s. costs. The other cases were either postponed or withdrawn. Inspector Robertson prosecuted five persons for allowing water to run to waste. Thomas Huntley, James Russell, and John Driscoll, for that offence were fined 10s. and 5s. costs each, and Gee Ick was fined 5s. and 5s. costs. Eight cases, by Inspector Oram, were disposed of as follows : — Peter M'Mahon, for plying for hire with a cart, without a license, was fined 20s. and 10s. costs ; James Fisher, for refusing to pay 5s. to William Neilan for the hire of a van, was ordered to pay a fine of 20s. and 5s. costs. He was also fined a similar amount for a second offence. Sheridan Moore was summoned on three cases for refusing to pay James Quinn and John Craddock for the hire of their vans. Defendant was fined £4 15s. and 14s. costs.

LICENSING BUSINESS.—The license of Shearer's Hotel, South Head Road, was transferred from John Shearer to William Newton.

CORONER'S INQUESTS.

RESUMED INQUEST.—Yesterday forenoon the City Coroner resumed, at the Benevolent Asylum, Pitt-street South, an inquest respecting the cause of death of the man named Simon Hall, who was found dead on last Wednesday evening in the scrub off the Glebe Point Road. Dr. Renwick, who had made a post mortem examination of the body, gave the results thereof. He deposed to finding enlargement of the heart and great dilation of the aorta, or large vessel of that organ, the walls of which had consequently became thin and weak. The liver and kidneys were also diseased. The inquest was further adjourned till 9 o'clock in the forenoon of Thursday next.

MANSLAUGHTER AGAINST A MOTHER.—On Thursday evening, a woman named Ann Carey, nearly 40 years of age, the wife of a man under sentence in Darlinghurst gaol, and who is also well known to the police, reported at the Central Police station that her male child, aged two months, was dead. She was so drunk at the time that she was locked up. An inquest was held yesterday at the Freemasons' Hotel, York-street, when sergeant Goldrick, senior constable Bradwell, Mrs. Grant, a neighbour, and Mr. Watson, dealer, of Liverpool-street, were examined. These witnesses gave evidence to show that the mother had wilfully neglected the child ; as well as two others—one a little boy of four, the other a little girl of five years of age. The mother had been locked up for drunkenness several times since the birth of the infant ; and one of the witnesses (Mr. Watson) deposed that he saw the mother let the infant fall in Liverpool-street ; she was drunk at the time ; her husband was serving a sentence of two years for larceny. Dr. Egan gave it as his opinion, from an examination of the body, that death had resulted from want of proper nourishment. He stated that in other respects—in the matter of dress and in cleanliness—the child had also been shamefully neglected. The jury returned a verdict of manslaughter against the woman Carey, who was committed to take her trial at the next Court of Quarter Sessions. In accordance with the direction of Captain Scott, the police magistrate, the two living children were taken from under her care, and removed to the Benevolent Asylum.

BOY ACCIDENTALLY KILLED AT A CIRCULAR SAW.—Yesterday afternoon, the City Coroner held a third inquest at the Hand and Heart public-house, at the corner of Liverpool and Dixon streets, respecting the cause of death of a boy named George Millar, residing with his parents at 534, Kent-street. It appeared from the evidence that on Wednesday forenoon last he was engaged with his father at his workshop in cutting timber by means of a circular saw. His father was engaged some few yards off, and not within view of the saw at which his son, aged some 14 years, was engaged. Hearing a cry, the father went towards the saw and saw his son lying on the ground ; a piece of wood was lying beside him, as if it had been forced out by the saw. Deceased said the piece of wood had struck him in the stomach after flying out from the circular saw, as he had not put it in properly. Dr. Eichler gave it as his opinion that death had resulted from severe abdominal injuries, probably rupture of the liver. The mother said that he came home apparently suffering from great pain—having his hands pressed on his stomach ; he said the wood flew backwards and struck him between the pit of the stomach and his groin ; from the time when he came home he suffered greatly until the time of his death ; on that afternoon she procured the assistance of Dr. Eichler ; he vomited several times ; he died shortly after midnight yesterday morning ; her son had been at the workshop for over two years with his father ; she had frequently heard his father scold him for attempting to work the circular saw, and caution him against doing so, as he did not understand it ; he said to her after the accident, that when it occurred he was cutting the wood at the saw unknown to his father. The jury returned a verdict of "Death from injuries accidentally received."

PARRAMATTA.

[FROM OUR CORRESPONDENT.]

INQUEST.—An inquest was held by Mr. J. E. Bowden, District Coroner, at the Government Asylum, on Thursday evening, at 6 p.m., touching the death of William Halpin, an inmate of the Asylum. John Thompson, a weaver, deposed that he was going to his work, at Byrnes's Factory, at about 6 o'clock, on Thursday morning, and when near the Queen's Wharf, he saw the body, upon which the inquest was being held, lying across an anchor in the river, a little above low water-mark ; he gave information of the fact at the Asylum ; he had no previous knowledge of deceased. Constable Connolly deposed, that, from information received, about half-past 6 that morning, he went to the Queen's Wharf, and about thirty yards from the wharf he found the dead body of a man, now lying in the dead-house, he was lying on the mud on the bank, just above the water-mark ; his left leg was caught at the knee between the prongs of a kedge with four claws ; no part of his body was then in the water, but the water had come over it ; he saw a slight scratch on one cheek as if he had fallen on his face ; some of the inmates of the Asylum assisted to bring deceased out of the river ; the bank of the river at that place is very abrupt and broken ; a drunken man would be quite likely to fall over as he passed ; if the tide was high he would fall into the water. Harry Dean deposed : I am an inmate in this institution, and a sailor by trade ; I recognised the body upon which this inquest is being held as the body of William Halpin, one of the inmates of this institution ; I do not know how he came to his death. Mr. James Dennis, superintendent of the institution, stated that William Halpin was admitted into the institution in June last ; he came from Bathurst ; was a native of Ireland, and gave his age as 73 ; he was well conducted in the asylum ; I yesterday morning gave him leave to go up the town to make preparations for leaving the asylum ; I have heard complaints of his getting intoxicated, when allowed out, and kept him in in consequence ; he was getting ready to leave the last three or four days. Lawrence Kennen, an inmate of the asylum deposed to having seen deceased lying in a gutter, about 5 o'clock on the previous evening, near Cain's public house ; he was asleep ; his face was red, and he looked as if he had been drinking too much. Dr. Rutter, the visiting surgeon to the institution, deposed to having examined the body of deceased, and found a contusion on the left temple bone, with oozing of blood from the left ear, together with symptoms of asphyxia which, with the evidence adduced, gives the opinion that death resulted from drowning. There was nothing to indicate that any violence had been used. The jury returned a verdict of "Found drowned."

INQUEST ON A WITNESS AT AN INQUEST THE EVENING BEFORE.—Another inquest was held by the District Coroner at the Benevolent Asylum at 1 30 p.m. to-day (Friday) touching the death of Harry Dean, who was one of the witnesses examined at 6 p.m. yesterday evening at the inquest on William Halpin. William Wilson deposed : I am an inmate of this institution, and a surgeon, I know the deceased ; about ten minutes past 6 this morning from what I heard I went into the clerk's office, and saw the deceased lying on his face on the floor quite insensible ; I turned him over on his back, and cleared his mouth from slime, and undid his shirt collar, at which he gave two or three vehement gulps, and while I turned to get something to put under his head, he expired, his hands were rigid, but he was not struggling when I saw him ; he was subject to fits. Mr. James Dennis, the superintendent, stated the deceased was admitted into the asylum in July last ; he was 27 years of age, and a native of England. Dr. Rutter deposed that deceased had been under his care ever since he had attended to it, and was under medical treatment of Drs. M'Laurin and Waugh ; he was an incurable epileptic, and had several fits which were likely to terminate fatally. I believe the cause of death was an epileptic fit. Verdict accordingly.

RAILWAY FROM THE CLARENCE TO NEW ENGLAND.

THE following petition, from 1820 residents of the Clarence district, was ordered by the Legislative Assembly to be printed on the 24th September last :—

First. That during the last session of your honorable House it was proposed to make provision on the Estimates for a sum of money (to be raised by loan) towards the construction of a line of railway for the purpose of connecting the navigation of the Clarence with the tableland of New England and the Northern Border.

Second. That after considerable debate, that proposition was rejected by a majority of the members of your honorable House, in consequence of, as your petitioners believe, your not being placed in possession of the necessary information concerning—and trial surveys of—the various probable routes which might be adopted, and because no estimate of the probable cost of such work had been obtained, all of which were alleged to be necessary before a favourable vote could have been given by your honorable House.

Third. That your petitioners are of opinion that the time has arrived when the rapid advancement of these districts demands that some active steps should be taken for the purpose of connecting them by a line of railway, which would provide a regular and speedy means of communication, and that such a line would prove alike beneficial to the interests of the colony at large as to these districts.

Fourth. That, notwithstanding the present difficulties and expense of carrying merchandise from Grafton to the northern interior, and the conveyance of the produce of the northern districts to Grafton for shipment to the port of Sydney, the traffic is such as would justify the carrying out of such a scheme.

Fifth. Your petitioners also find that the number of inhabitants already settled along the different lines of road from Grafton to the tableland of New England is equal to that settled along the routes where railways have since been constructed in the districts south and west.

Sixth. And your petitioners respectfully submit that examples are not wanting, in the Australian Colonies and other countries, where no population existed along a railway route previous to its construction. These examples prove that the facilities afforded for carriage have uniformly attracted population, and vastly increased the value of adjoining lands, and as a consequence the wealth of the Colony or State.

Seventh. From such examples, your petitioners would respectfully submit that a previously existing population is not necessarily a condition in questions so momentous to the interests of the colony, but on the contrary, they prove that railway facilities are rather a condition of settlement than settlement a condition of railways.

Eighth. Your petitioners therefore humbly beg that your honourable House will take into your early and favourable consideration the advisability of constructing a line of railway for the purpose already mentioned, as hereinafter suggested.

Ninth. Your petitioners humbly suggest that the point of departure of such a line should be at Grafton, at the head of navigation on the Clarence River, for the reasons—1. That Grafton is the natural and principal shipping port of the Clarence, and the central depot of its trade and commerce. 2. That it is at the present time the general depot for the transmission of by far the largest amount of merchandise forwarded to the tableland of New England, and also for the reception of the products thereof for shipment. 3. That from that point a branch line to the Richmond River could be easily constructed, thereby affording that district the means of speedy communication with a good shipping port.

Tenth. Your petitioners further humbly suggest that such a line of railway should be carried by the shortest and most practicable route to the most central point on the tableland of New England, at or in the vicinity of Glen Innes, for the reasons : 1. That as such a route offers comparatively few engineering difficulties, the cost of its construction would therefore be less than by any other. 2. That the connection by railway of Grafton with that centre would be the means of opening up a very large tract of rich agricultural and mineral land, thereby causing the settlement of an industrious and highly desirable population. 3. That such a route is the most favoured by a majority of the towns on the tableland of New England.

Eleventh. Your petitioners humbly suggest, lastly, that the point named should be the terminus of the proposed line on the tableland, for the reasons—1. That it is the most central in New England. 2. That it is the most available as a point from which to construct branch lines—north to Tenterfield, south to Armidale, west to Inverell, and ultimately to Warialda. 3. That in the absence of, or previous to the construction of such branch lines, these towns would be placed within easy distance (over good level roads) of railway communication. 4. That it would be the means of opening up the whole of the district around and between those towns and the terminus for agricultural purposes, and become a boon to the pastoral and mining interests therein.

Twelfth. Your petitioners, therefore, humbly pray that your honourable House will take into your favourable consideration the facts herein set forth, as in your wisdom you may deem fit and expedient in the interests of those districts and of the colony at large.

And your petitioners, as in duty bound, will ever pray.

OMNIBUS TRAFFIC TO STANMORE.

TO THE EDITOR OF THE HERALD.

SIR,—Mr. Tunks, in his letter published in your issue of the 9th instant, again asserts the incorrectness of the statement made by me at a public meeting at Petersham. I have neither time nor inclination to carry on a newspaper war with Mr. Tunks, nor would I now have taken any notice of his last effusion, but for his reiteration of the above statement, and his evident disinclination to deal with the broad fact stated in my letter published on the 7th instant.

Mr. Tunks, in his letter now under consideration, lauds the Commissioners, of whom he is one, but does not attempt to meet the plain question at issue, which, as between Mr. Tunks and myself and "every lover of truth" (to whom Mr. Tunks appeals) is simply this. Is it the case that "there was not a word of truth" in the statement made by me, that "the secretary of the Newtown 'Bus Company received a letter from the Commissioners intimating that it was their intention that the 'buses between Sydney and Stanmore should run only once in the hour, instead of three times in the hour."

In order to prove the truth of my statements, I, in my last letter, challenged Mr. Tunks to publish all the correspondence that has taken place on the subject,—that correspondence is in the office of the Commissioners, and consists of (I believe) only four documents. Why does he not publish it ? I ask him now to do so, and thus either prove his statements or admit that he has been in the wrong. I do not desire either his statements or mine to be accepted ; but let the documents speak for themselves, and, if they prove Mr. Tunks to have been in the wrong in slandering me, let him be sufficiently honest to confess it. If I be proved to be wrong, I will at once do the same.

Mr. Tunks says "draft by-laws and time-tables were submitted to the borough Council of Marrickville, the municipality in which the Stanmore 'bus stand is situated, and which time-table met with their (I believe, unqualified) approval." It is indeed lamentable to find a gentleman having the power (and acting upon it) refusing to carry out the wishes expressed in a petition to himself and the other Commissioners of the inhabitants of a district of which he evidently knows nothing, for the Stanmore 'bus stand is *not* situated within the borough of Marrickville, but within the borough of Petersham, and if Mr. Tunks had been acquainted with the time-table, which I presume he assisted to compile, he would have known, or upon examination could have ascertained (see page 24 of time-table) that the Stanmore 'Bus Stand is on the "Stanmore Road, south side, 20 yards from Council Chamber," the Council Chamber being the *Petersham* Council Chamber.

Although Mr. Tunks is "not anxious to occupy your space, nor his time, with numerous and needless references to by-laws and correspondence," he will perhaps see that it is well to be acquainted with time-tables, and that in cases where documentary evidences exist they become such stubborn facts that they are, as in this case, unanswerable.

I could expose the whole of the fallacies contained in Mr. Tunks's letter, but I fear to take up too much of your valuable space, and as I do not desire to continue a controversy upon a subject in which only Mr. Tunks, myself, and the residents of the borough of Petersham are directly interested, I shall be quite content to trust to the decision of "every lover of truth," if Mr. Tunks will simply publish the correspondence above referred to, without further reiteration or unfounded assertions.

One further remark to show Mr. Tunks that he should be careful in making statements *and should study the by-laws and time-tables*. Mr. Tunks says :—"All the Commissioners desired to enforce, as I understand it, was *through* conveyance, and not to restrict the number of journeys to one to each hour or so." I refer Mr. Tunks to the 44th by-law, which states, "The time of starting shall be according to the tables in schedule J." If the 'buses started more frequently would it not be an injustice to other 'buses—for instance, those travelling *to the Glebe* ;—and would it not clearly be a breach of the 44th by-law, for which a penalty of not more than £10, nor less than 5s., is provided by the 75th by-law.

I am, Sir, yours &c.,

W. H. PIGOTT.

TO THE EDITOR OF THE HERALD.

SIR,—As the Transit Commissioners have lately deprived us of the use of the 'buses which plied from Stanmore to Newtown and back every twenty minutes throughout the day, will you allow us, through the medium of the *Herald*, to suggest to our neighbours at Newtown that they would do us a great service, and assist us in making the most of the present unsatisfactory arrangement, if they would travel from Sydney in the Newtown 'buses only, instead of filling up the Stanmore 'buses, thereby depriving us of our only means of returning home for a whole hour, when they can procure a 'bus every five minutes.

To show how comparatively useless this new arrangement is to the Stanmore people, the Stanmore 'bus by which I returned from Sydney this evening—licensed to carry 26 passengers, viz., 10 inside and 16 outside—had to refuse seats to several Stanmore persons, as it was quite full before it had reached Market-street, and by the time we had arrived at the southern end of the Enmore Road no less than fifteen out of the twenty-six passengers had left the 'bus.

STANMORE.

October 8.

TO THE EDITOR OF THE HERALD.

SIR,—Mr. Tunks' straightforward letter in this day's paper has, I think, placed the matter at issue between Mr. Pigott and the Commissioners in its proper light. Instead of Mr. Pigott, I ought perhaps to say the Newtown Omnibus Company, for it appears that they were the real movers. The monopoly which they have obtained in the traffic renders it necessary that they should be carefully watched, and Mr. Tunks has sufficient penetration to discern that if their wishes in regard to suggested changes be carried out, the interests of the public will suffer. With reference to the complaints against the Stanmore service, I, as an inhabitant of that neighbourhood, can endorse them in every particular, viz., as to badness of cattle, squalidity of coaches and irregularity in time of starting. The so-called waiting-room is occupied in the greater part by a counter, and accommodation for the timekeeper ; and round the entrance congregate drivers, employers and employed, and their gossips—engaged generally in the consumption of tobacco. Mr. Tunks is right in imagining that females would shun this waiting-room. He also sees the tendency on the part of the company to render opposition impossible. The large amount of support given to an opposition line of coaches, which was well served, compelled the Newtown Company to buy it off, and proves without doubt that, to any person who will study the interests of the inhabitants, similar encouragement will be given.

Your obedient servant,

TRAVELLER.

October 9.

TO THE REGISTRAR-GENERAL.

[PER FAVOUR OF THE HERALD.]

SIR,—Your department is one of great importance to the colony, and to which we have been much indebted for statistics and other information.

Permit me, therefore, to call your attention to one question which seriously affects the most influential and numerous portion of the colonists—the members of the Church of England.

Your registration of deaths, marriages, and births appears to be confined to Presbyterians, Roman Catholics, and Wesleyans, so that we of the Episcopal Church are virtually excommunicated from your books, and are obliged to search the various parish registers to obtain the necessary certificates of deaths, &c. ; and if not successful, we are obliged to bear up for Mr. St. James' celebrated register, which can only be unlocked by a golden key, and thus we are left to the mercy of an unofficial office.

I have had lately to search through the various parishes, and could not find a single saint that could administer to my wants, therefore I had to apply the golden key to unlock the volume edited by K. James, late deputy-registrar to the Bishop ; one guinea for a SIGHT of the volume, for I was not permitted to look at anything but the cover, and one guinea for a certificate—£2 2s. in all, so that dead men and women are thus made profitable to the living—rather a novel way of raising the wind even in New South Wales.

I was in some measure prepared for this demand, for some years back I had to pay pretty heavily for certificates, but then they had the episcopate seal attached to them, more ornamental than useful ; but nevertheless there would be something for posterity to admire in the Sydney mitre.

Much of the history of Mr. K. James's registers has been before the Parliament of the colony some years back, and not only the value of these documents was discussed, but the legal right of Mr. James to hold the *early documents* that came into his hands, of the copies he was, no doubt, the author and proprietor. As one who pleaded his cause, there was evidently a disposition on the part of Parliament to compensate him for his clerical labours, but from some cause or other the matter fell to the ground. I think his demand was considered excessive. I have heard *but lately* that he had made an offer to surrender the registers, and to trust to the liberality of the Government, *if so he is not* censurable.

If, however, these documents cannot be obtained, and we can only gaze upon the exterior at the cost of one guinea, why not make certified copies of the various Parish Registers, and so remove the dependence on Mr. James, which is so costly.

It may not be possible, without the back registers, so carefully locked up, to perfect such a registration, but a large amount of information may be thus embodied in your office, accessible without the golden key which now virtually locks out the poorer classes, and is somewhat mortifying to the richer, to find themselves dependent upon what may be regarded as a *private* document, at the cost of one guinea to unlock the book, and one guinea for each certificate as follows :—

"I certify that the above is a true extract from the Register of Burials, in the parish of St. Philip, Sydney, New South Wales.

"Given under my hand, this —— day of——.

"H. KERRISON JAMES, Curator.

"(Signed.) R. A., &c."

How Mr. James has obtained the dignity of Curator was not the subject of my inquiry ; and, furthermore, no seal of office stamps these certificates with official authority, but we can get these documents nowhere else.

St. Philip's register, *lodged* in the church only, commences 1826. Where are the *antecedents ?* St. James's ends about 1839 ; St. Luke's, Liverpool, commences 1814 ; and the Parramatta register commences as far back as 1780 or 1790. Therefore, with these and other parishes, with very little expense, the virtue of the golden key may be neutralized, and the Curator James and Co. have their charges reduced to something like moderation. If not, their books are valuable only as waste paper.

The parishes may still retain their registers as convenient to parties in the interior, while by the certified copies there would be security against injury or loss of these documents, to which there is great liability.

I have taken the precaution of a receipt for my cash, which I purport to frame as a proof of the disinterestedness of the parties now proprietors of these registers, which I suppose yield a tolerable income at the public expense, and intend to affix as a motto—"How to make the dead profitable to the living." Dead men tell no tales, but my experience in *this matter* makes me doubt this to be a truism in New South Wales.

I am satisfied that if possible you will meet this case pressing so heavily upon the members of the Church of England, and so troublesome to solicitors now residents in Sydney in the transfer of property, so that instead of the golden key we may have the golden rule of moderation in all things, especially things ecclesiastic relating to the sacred dead, whose memories can never be sanctified by such heavy demands upon the living.

RICHARD SADLEIR.

TO THE EDITOR OF THE HERALD.

SIR,—Will you permit me to correct an error in your report of my new dispensing establishment. The pharmaceutical steam apparatus which I have erected I purchased of a German chemist in Sydney, who had recently imported it from Murrle of Pforzheim. Perhaps in conversation relating to matters connected with Europe, your reporter might have understood that I had selected the apparatus in Germany, which I now wish to explain, as my German friend would naturally feel a little surprised at my erecting *two* such costly machines.

Yours truly,

F. E. SLOPER.

South Head Road, October 10.

MOUNTED RIFLE CORPS.—A numerously signed petition to Sydney for presentation to the Colonial Secretary is to be sent asking the Government to establish a mounted rifle corps in Bathurst. This petition (says the *Times*) has been got up, we believe, because the previous application sent in for the formation of such a company was not successful in obtaining the necessary sanction from the Government.

SPECIAL NOTICE.—EDWARD DONOVAN and WILLIAM PETER O'SULLIVAN desire to inform the public in general that they have entered into business as AUCTIONEERS and GENERAL COMMISSION AGENTS, having secured those large and centrally situated premises at the rear of the Steam Engine Inn, 675, George-street South, where we trust by careful consideration and prompt attention to all business entrusted to our care to merit a fair share of public patronage. P.S.—E. D. and W. P. O'S. undertake to conduct out-door sales of every description with promptitude and dispatch. A trial solicited.

PUBLIC BATHS AT DOUBLE BAY.
The Council of the Borough of Woollahra, having received a very numerously signed petition for the erection of Public Baths in Double Bay, will be happy to receive any suggestions from persons willing and competent to offer them, as to the best site for the same, and also as to the best description of baths for that locality, and consider it desirable that such suggestions be accompanied with a plan, specification, and estimate of probable cost. Such baths to be capable of accommodating say forty persons at one time. Should the Council decide upon adopting any plan or specification sent in, a bonus of not less than £5 will be paid for the same.
By order of the Council.
HENRY S. KILLICK,
Council Clerk, Borough of Woollahra.
Council Chambers, Woollahra, 26th September, 1873.

SYDNEY FEMALE MISSION HOME.
It is proposed, as soon as the necessary funds can be procured, to provide in Sydney a Home for the reception of Females needing guidance and protection, preparatory to their being received into the Sydney Female Refuge, or the Benevolent Asylum, or otherwise dealt with. The Home will be placed under the care of a Christian Matron, and the Management of a Committee of Ladies.
The necessity of such a Home has been strongly felt by several ladies and gentlemen, in consequence of facts which frequently come under their notice.
The following ladies have agreed to act as a committee:—
VISITORS:
Mrs. Barker, Mrs. Allen
COMMITTEE:
Mrs. J. Adam, Goodlet, Kent, Maclean, Mills, C. Moore; Mrs. Walter O'Reilly, Pottie, Raymond, H. C. Russell, John Thompson, Joseph Thompson

ALARM GOLD MINING COMPANY
SPECIAL NOTICE TO SHAREHOLDERS.
The judgment creditor having consented to delay the sale of this Company's claim, machinery, &c., until THURSDAY, the 16th instant, some of the principal shareholders are making an effort to obtain sufficient funds in the meanwhile (say about £4000) in order to purchase the mine and plant, and thereafter to re-form the Company. This sum would pay off all existing liabilities, and would leave about £2000 to credit of the new Company.
The co-operation of the present shareholders is solicited, and they are hereby invited to contribute such amounts as they may think fit towards the purchase of the mine and plant.
Shares will be allotted in proportion to the amount subscribed; and as it is proposed that the capital of the Company shall remain as heretofore (viz., £20,000), shareholders now subscribing will be entitled to FIVE or more shares for each £1 contributed.

Newtown, October 10th, 1873.

ROBERT BURNS G. M. CO., Wattle Flat.—The Mining Manager reports—"The shaft is now down 60 feet, and the rock is harder, but first-rate shooting. The veins I wrote about in my last report underlayed west out of the shaft. Since, I have cut two leaders, which look very good. They are raising splendid stone from Hoyl's claim, which is similar to ours. I want to go down another 20 feet; then we can raise any quantity of stone for the machine, which is now ready. I send you a sample obtained from one dish of the mullock."

HOUSES AND LAND FOR SALE.

DARLING POINT.—A first-class Family RESIDENCE, with extensive deep water frontage, for SALE, with immediate possession, the owner leaving for England. The house is of recent erection, with every modern convenience, and contains eighteen rooms, gas and spring and rain water laid on. The grounds, nearly one acre, include fine croquet lawn, with magnificent view of the harbour; swimming bath, 40 x 40, with fresh water shower laid on, and separate bath for children—in fact the bathing and boating accommodation is unequalled. Plans can be seen, and further information obtained from J. HORBURY HUNT, Architect, Spring-street; or from W. FARMER, 269, Pitt street.

BURWOOD.—LAND FOR SALE, REDMIRE ESTATE.—Ten-acre Villa Sites, on easy terms. Apply to W. W. BILLYARD, Solicitor, 32, Hunter-street.

EVERY MAN A FREEHOLDER.
THREE YEARS' CREDIT.
ISLINGTON ESTATE, NEWTOWN.
This estate lies between the Erskineville and Cook's River Roads, a short distance only from the Newtown Railway Bridge, and commands an extensive view of Botany and the surrounding neighbourhood. It is subdivided into allotments of 30 feet frontage, about 110 feet in depth, and affords a rare opportunity for persons of small means to secure a freehold in this fast-increasing neighbourhood.
Plans of the subdivision may be seen at the offices of the undersigned.
TERMS—£5 cash, and the balance by quarterly payments extending over three years, without interest.

EXTENSIVE SUGAR PLANTATION NEAR PORT MACQUARIE.
H. and F. WEAVER have received instructions to sell by private contract, the well-known and VALUABLE FREEHOLD ESTATE,
"GREENBANK,"
situated on the Hastings River, about eight miles from Port Macquarie, containing 3000 acres of rich brush and grazing land, having a frontage of several miles to the river Hastings, navigable for the steamers now trading between Port Macquarie and Sydney.
The IMPROVEMENTS are very extensive and comprise—SUBSTANTIAL DWELLING-HOUSE of 10 rooms, all necessary out-offices; garden, containing a large number of choice fruit trees, amongst them a fine collection of the white China mulberry; several paddocks, one containing 700 acres, most of which has been cleared.
60 ACRES OF MAGNIFICENT SUGAR CANE, a considerable portion of the crop being now ready to cut; large steam sugar mill, with all the latest improvements in machinery for manufacturing sugar; substantial wharf for steamers, boat wharf, and boat house.
This valuable property is placed in the market for bona fide sale by order of the mortgagee; intending buyers are therefore invited to inspect without delay.
For further particulars and price apply to
H. and F. WEAVER,
Stock and Station Agents,
West Maitland.

FOR SALE, in one lot, a very eligible PROPERTY in the best and most improving part of Balmain, having above 1800 feet frontages to Donelly, Booth, Darvall, and Bradford streets, in the immediate vicinity of the Congregational and Roman Catholic Churches. The land has been subdivided into allotments, and has a Torrens Act title. The increasing value of land in good situations in Balmain, and the fact that there are now few unoccupied sites so near to Sydney which have such a commanding view of the city and harbour, will ensure a large profit to the purchaser when sold in the subdivisions proposed. For terms and particulars, apply to

FREEHOLD PROPERTY
in the most valuable position in
REDFERN,
a few feet from the junction of Pitt and Redfern streets.

RICHARDSON and WRENCH have received instructions to sell by public auction, at the Rooms, Pitt-street, on FRIDAY, 17th October, at 11 o'clock,
LOT 1.—All that allotment of land, having 50 feet frontage to REDFERN-STREET, with a depth of 133 FEET, upon which is erected
FOREST LODGE,
a substantial two-story dwelling-house, built of brick and stone, with slate roof, containing drawing and dining rooms (fitted with superior marble mantelpieces), library, nursery, 5 bedrooms, kitchen, pantry, scullery, and bath-room, with good yard, water laid on, &c., at the rear, and tastefully arranged garden in front.
*** This is a very desirable and conveniently situated residence just outside the city boundary, close to Cleveland-street and Prince Alfred Park. It was built by the proprietor for his own accommodation, and fitted with more than the usual family conveniences. The rooms are spacious, lofty, and remarkably well finished; indeed the whole of the premises will bear close inspection with regard to their substantial character, and their general arrangement and finish as a SUPERIOR FAMILY RESIDENCE.
LOT 2.—Allotment of land adjoining the above, and having 25 feet frontage to REDFERN-STREET, with a depth of 100 feet, on which are premises containing two large rooms. This building was intended for kitchen and servant's room to a residence to be erected in front. It could, if desired, be incorporated with Lot 1.
LOT 3.—WEATHERBOARD COTTAGE, erected upon an allotment of land having 23 feet frontage to TURNER-STREET, with a depth of 67 feet.

The above is a favourably-situated block of property in this favourite suburb, of a class that will always let well, and prove a profitable paying investment.

THE TERRACES.

That commodious Family Residence,
together with TWO ACRES HIGHLY IMPROVED FREEHOLD GROUNDS, off
THE GLENMORE ROAD,
overlooking the harbour, well known as the property, and for many years the residence of
H. BURTON BRADLEY, Esq.

RICHARDSON and WRENCH have received instructions to sell by public auction, at the Rooms, Pitt-street, on FRIDAY, 17th October, at 11 o'clock,
THE TERRACES.
THIS COMMODIOUS FIRST-CLASS FAMILY RESIDENCE is situated between the GLENMORE AND NEW SOUTH HEAD ROADS, just outside the city boundary.
THE HOUSE is built in a most substantial manner of stone and brick, the work being of an unusually massive character. There is a verandah 11 feet wide in front, and the accommodation comprises
ON THE GROUND FLOOR—Hall, dining and drawing rooms, each 28 x 18 (both lofty, tastefully decorated apartments), breakfast room, day nursery, library, butler's pantry, with glass and china closet, well fitted store room, and verandah room.
THE UPPER FLOOR, approached by a handsome wide staircase, comprises best bedroom 28 x 18, a very beautiful apartment 14 feet in height, with dressing room attached, and six other bedrooms.
ATTACHED TO THE HOUSE are the following OUTBUILDINGS, large kitchen, with Leamington cooking range, laundry, with copper and ironing stove, scullery, store room, dairy, knife and boot room, and coal or wood house; detached are larder, bathroom, and servants' sleeping rooms. The other buildings include 2-stall stable, hayloft, groom's room, and large shed for vehicles.
THE GROUNDS contain an area of UPWARDS OF TWO ACRES OF FREEHOLD LAND with considerable road frontage. The whole are terraced by stone retaining walls, and otherwise highly improved. The garden is so well known and enjoys so high a repute for tasteful arrangement and sylvan beauty as to need no comment. Its present perfection is the result of upwards of 20 years' recreative study and labour of an amateur florist and botanist, and the whole is one brilliant mass of magnificent trees and rare shrubs of mature growth, glorious in height, perfect in form, exquisite in symmetry, clumped and clustered together in a most attractive manner, so as to form a broad effective picture bright with nearly perpetual bloom, delightfully secluded, a perfect landscape within itself. A portion of the terraces is occupied by choice full-bearing fruit trees, and the grounds are enriched by a constant flowing stream, broken by miniature waterfalls.
There is also a small greenhouse, and a stove fitted with hot water pipes to pits, comprising nine glass frames, adapted for the growth of exotic plants. The site of the house is elevated, commanding a fine view of the harbour and surrounding scenery, and the land (upwards of two acres) close to the City boundary, and within walking distance of its business centre, has not only a present, but an immense prospective value.
CARDS TO VIEW can be obtained on application at the Rooms.

For Sale, in two Lots,
The magnificent Pastoral Property,
THE MANEROO RUN,
viz.:—
MANEROO SOUTH, with
10,000 Sheep, more or less,
and 200 Cattle, ditto.
And,
MANEROO NORTH, unstocked.

TERMS.—One-third cash, balance by bills at one and two years' date, having interest at 8 per cent. per annum added thereto, secured by mortgage in the usual way.

RICHARDSON and WRENCH have received instructions from the proprietor, J. R. LOMAX, Esq., to sell by public auction, at the Rooms, Pitt-street, Sydney, on
WEDNESDAY, 29th OCTOBER, at 11 o'clock
The above valuable pastoral properties.

LOT 1.—MANEROO SOUTH. This choice property is situated between the well-known Bowen Downs and Isis Downs stations. It consists of six splendid blocks of country, under long leases, embracing an area of 422 square miles of open high rolling downs, dotted with clumps of myall and drooping willows, and covered with saltbush and fattening herbage of every description, and free from grass seed. Every acre is available for stock, as the whole run is permanently watered by long deep reaches in the Thompson River, to which it has a frontage of about 32 miles on the west bank, as well as about 35 miles frontage on both sides of the East Darr River, and 25 miles to the West Darr, in addition to many well-watered creeks coming in from the high downs. In point of pasturage quality, it is unsurpassed by any station in Queensland, and from its enormous river frontages commands an immense area of excellent grazing country, useless to others, but which might be rendered available to the owners of this run. Its carrying capacity is estimated fully equal to 200,000 SHEEP, or a proportionate number of cattle in any season.

THE IMPROVEMENTS are sufficient for carrying on the property huts and yards for 20,000 sheep, so situated that flocks of 4000 each may be run without danger of loss. There is also a stockyard equal to working 1000 head of cattle.

With this station will be sold the following stock, viz.,
5000 breeding ewes
2000 wethers, 4 and 6 tooth
2900 weaners, 6 to 9 months old
60 rams

10,000 sheep, more or less, all well woolled, and full-fleeced at time of delivery.

Also 200 head of quiet, well-bred cattle, principally milch cows and their progeny.

. Stores, waggon, drays, working bullocks, horses, and other belongings to be taken by valuation, by the usual mode of arbitration.

LOT 2, MANEROO NORTH, adjoins the above, and consists of 5 large blocks of country, including an area of about 324 square miles, held under long leases, of country equally as rich as that above described, and permanently watered by the two branches of the Darr River, which flow through the run.

Further particulars of the above properties can be obtained at the Auctioneers', or from Mr. John Macfarlane, Squatters' Exchange, Rockhampton, where also sketch of the runs can be seen. Every assistance will be afforded on the Run by intending purchasers desiring to inspect.

FOR UNRESERVED SALE.

LANCEFIELD, ST. PETERS.

GRAND SALE OF
FIRST-CLASS STATIONS
in NEW SOUTH WALES and QUEENSLAND, including the following noted Sheep and Cattle Properties, viz.:—

NEW SOUTH WALES.

LOT 1.—BURBURGATE,
situated on the NAMOI RIVER, containing about 282,000 acres of country, nearly all fenced, and subdivided into paddocks, with its numerous important improvements, and the following stock:—
100,000 SHEEP, more or less, and
200 HEAD of CATTLE—
A choice stud herd.

LOT 2.—EDGEROI and GALATHERA.
This famous Run, embracing the magnificent "Galathera" Plains, and divided from "Gundemaine" by substantial fencing, includes about 168,000 acres of the richest fattening country in the colony, every acre being available by the recent large outlay for conserving water all over the run. With this station will be sold
70,000 SHEEP, more or less, chiefly fattening.

LOT 3.—NOWLEY,
comprising three splendid blocks of country, about 56,000 acres, on Liverpool Plains, adjoining the well-known property belonging to Thomas Cook, Esq., with sundry improvements and fencing, and
20,000 SHEEP, more or less, all fattening.

LOT 4.—GUNDEMAINE.
This choice property is substantially enclosed on three sides with fencing, and subdivided into paddocks, the other side being guarded by the Namoi River. It contains about 191,000 acres of very rich country, well watered throughout by creeks, natural lagoons, and also by dams erected at a considerable outlay. The herd to be sold with this property numbers
8000 HEAD of CATTLE, more or less,
of very superior quality, it being well known that from this herd were selected most of the cows that formed the basis of the now famous stud stock belonging to R. L. Jenkins, Esq., of Nepean Towers.

LOT 5.—MUNGYER.
This station is situated in the Gwydir District, and contains ten blocks, or about 207,800 acres of rich pasturage, upon which a large outlay has been made for fencing, conserving water, and other improvements. The herd to be sold with this run numbers
8000 HEAD OF CATTLE,
more or less,
of good quality, cattle well-known to the Sydney butchers.

QUEENSLAND.

LOT 6.—DAANDINE and GREENBANK.
These are within six miles of the RAILWAY TERMINUS at DALBY, adjoin each other, and are made up of four large blocks of country, covering an area of about 183,840 acres of sound well-grassed country, permanently watered by the Condamine River and Wilkie's and other creeks.

"GREENBANK" adjoins the Dalby reserve, and being within the settled districts, one-half of the run has been resumed by the Government; both halves have, however, been protected by judicious purchases—about 6620 acres in all, which are subject to a charge of 1s per acre per annum for the next 5 to 7 years to make freehold.

"DAANDINE RUN," being in the unsettled district, is under a 21 years' lease, and all its improvements have also been protected by purchases, about 5130 acres in all.

With these stations will be sold
5500 CATTLE, more or less,
well-bred, and including a number of PURE BRED BULLS, and 300 choice Gundemaine Heifers, which, with an IMPORTED BULL, were paddocked on the run some twelve months since to form a stud herd.

LOT 7.—KOOROON.
This large property is situated on the Mooni River, in the Maranoa District, and includes ten blocks of country, equal to 190,000 Acres of good pasturage, and is admirably adapted as a breeding station. It will be sold with
1500 HEAD OF CATTLE,
more or less, of equal quality with the "Daandine" herd, the principal stock having originally been bred on that station.

The whole of the above Cattle will be mustered and delivered, and right of brands become the property of their respective purchasers.

Purchased and selected lands on all the stations will have to be taken at cost prices; Stores, Horses, working bullocks, and all other belongings, by valuation, by the usual mode of arbitration.

PRELIMINARY NOTICE.

RICHARDSON and WRENCH have received instructions from the proprietor, EBENEZER VICKERY, Esq., to sell by public auction, at the Rooms, Pitt-street, Sydney, on
TUESDAY, the 9th DECEMBER next,
At 11 o'clock,
The above magnificent pastoral properties; full particulars of which will shortly be published, or may be obtained on application at the Rooms, Pitt-street, where also plans may be inspected.

The above extensive and important stations are now placed into the market for realisation, solely in consequence of the proprietor having determined to relinquish pastoral pursuits. The special attention of capitalists is particularly directed to them, and ample time is afforded before the date fixed for sale for a thorough examination of the properties and the sheep and cattle belonging to them. Intending purchasers will receive every assistance from the several managers in charge to assist in inspecting the properties, and on application to the Auctioneers letters of introduction will be furnished, should it be desired.

Terms liberal.

NATAL DOWNS STATION,
SOUTH KENNEDY DISTRICT, QUEENSLAND.

G. N. GRIFFITHS has been instructed to sell by public auction, on FRIDAY, 28th November next, at the Hall of Commerce, Exchange-buildings, Sydney,
That splendid pastoral property NATAL DOWNS, together with 10,500 (more or less) carefully bred well-woolled Sheep, and 2000 (more or less) well-bred Cattle.

NATAL DOWNS consists of eight blocks of country which embrace an area of about 548 square miles of good grazing country admirably adapted for either sheep or cattle on account of the great elevation at which the station lies above the sea-level. This station is well watered throughout by numerous creeks and their tributaries, and the well known Lake Cecilia, which is a large sheet of fresh unfailing water.

The carrying capabilities for both sheep and cattle are very extensive. The improvements are good and substantial; they are complete in every respect, and include a great amount of first-rate wire fencing. Good horse paddock, large woolshed with rod and pinion press, stockyards, manager's, and men's cottages, store, &c.

Particulars of the stock will shortly be advertised.

The great advantage possessed by Natal Downs is in its proximity to the numerous rich Northern Gold-fields, which afford a ready market at very high prices for the fat stock.

Intending purchasers are invited to inspect this property which is for bona-fide sale, and full particulars can be obtained on application to
G. N. GRIFFITHS,
271, George-street, Sydney.

LIVERPOOL PLAINS AND BLIGH DISTRICTS.

EUROKA STATION.

Together with
3500 HEAD CATTLE, more or less.
Estimated Area, 140,000 Acres,
about 115,000 acres of which are substantially fenced.

HARRISON, JONES, and DEVLIN, in conjunction with Powers, Rutherford, and Co., have received instructions from James Holmes, Esq., acting under power of attorney from the proprietors, Messrs. W. W. and E. Brocklehurst, to sell by public auction, at their Rooms, Bell's-chambers, Pitt-street, Sydney, on WEDNESDAY, 26th November, 1873, at 12 o'clock,
That well-known and justly celebrated station
EUROKA,
situated on, and having a frontage of TEN MILES to, the BARWIN RIVER, and comprised of the following blocks, viz.:—
EUROKA TOLOORA
GUNINGA SUSSEX
KENT.

It has also the advantage of having abundance of permanent water on the back country, rendering every inch of this truly magnificent station available, and safe in the severest seasons.

The FATTENING QUALITIES of this station are too well known to be referred to here, as it is undeniably one of the best runs in New South Wales.

With the station will be sold
3500 HEAD CATTLE, more or less.

This herd throughout shows the high state of breeding that has been aimed at by the Messrs. Brocklehurst, and includes 100 head pure-bred cattle of the favourite Lee blood. There is also a large draft of fat cattle now ready for market, none having been removed since April last.

The IMPROVEMENTS consist of a comfortable homestead, commodious and substantial drafting-yards, paddocks for the stock horses, paddocks for the pure-bred cattle.

The Fencing is chiefly 2-rail, and wire with cap—all in excellent order.

The RIGHT OF BRAND to the cattle will be given in. Stock horses, stores, and sundries to be taken at a valuation.

The wonderful fattening properties of this station, added to its central position, permanent water, and superiority of the breed of the cattle, should be ample, without further remark, to attract the careful attention of purchasers to this exceptionably advantageous investment, as in view of the increasing scarcity of cattle, and corresponding advance in prices of fat stock, coupled with the very inexpensive working of so compact and safe a property as that now offered for sale, point to this as perhaps the most advantageous purchase that has been permitted to come into the market.

The fullest information will be willingly afforded to intending purchasers upon application to HARRISON, JONES, and DEVLIN, Sydney; POWERS, RUTHERFORD, and Co., MELBOURNE; and B. M'KENNA, Esq., Euroka, Walgett.

BY ORDER OF THE MORTGAGEES.

Having a very large frontage to the best part of the CASTLEREAGH RIVER and the MOULMA CREEK, and embracing some of the finest fattening country in the colony, and offer a certain fortune to the fortunate purchaser.

These magnificent blocks will be sold
WITHOUT STOCK.

In submitting the above blocks for sale, the Auctioneers refrain from adding any remarks of their own, the property is so well known as forming the celebrated stations of WILLIAM LEE, Esq.

Full particulars and tracings of the runs may be had on application to
HARRISON, JONES, and DEVLIN, Sydney.

WELLINGTON DISTRICT.

MORT and CO. have received instructions from G. C. Tuting, Esq., to sell by public auction, at the Sale Room of their Wool Warehouses, Phillip-street, Circular Quay, on TUESDAY, 14th October, at half-past 11 o'clock,
That FIRST-CLASS PASTORAL PROPERTY, in the Wellington district, known as
GEURIE,
with 14,600 (more or less) FINE WOOLLED SHEEP.

Geurie is situated about twelve miles from Wellington and seventeen miles from Dubbo, and embraces a large area of THE MOST HEALTHY COUNTRY in New South Wales, consisting chiefly of limestone ridges and good open box country. It is ABUNDANTLY WATERED by the Macquarie River and Mitchell's Creek, both of which afford a never-failing supply, in addition to which four DAMS have been constructed at various sheep stations.

There is about 27½ miles of fencing on the run, both wire and posts and rails, and all the improvements are of the newest and most substantial character.

The sheep are the progeny of the celebrated flocks of Messrs. G. COX, G. ROUSE, R. ROUSE, and N. P. BAYLY, and are as follows:—

WETHERS—1 year	856	
1½ ditto	903

Weaners, equal sexes		1716
Rams		145

* With lambs at foot.
14,600 more or less.

35 head mixed CATTLE
20 head HORSES.

The PURCHASED LAND consists of about 2640 acres, the bulk of which is on Mitchell's Creek, and the remainder judiciously selected in various parts of the run, securing the dams and other important points.

The HOMESTEAD consists of a substantial newly-built dwelling of eleven rooms, with detached kitchen and servant's room. Around it are an excellent garden, vineyard and orchard, and in close proximity a LARGE and COMMODIOUS WOOLSHED, three men's huts, four-stalled stable, large barn, cart shed, blacksmith's shop and stockyards. There is also a good weatherboard cottage and garden as overseer's residence.

To any one desiring a comfortable home as well as a lucrative investment, the present is an opportunity rarely to be met with.

Delivery will be given one month after sale.

Every facility for inspection will be afforded by the proprietor, who is resident on the station.
MORT and CO.

ELLANGOWAN,
DARLING DOWNS,
WITH 21,000 FINE WOOLLED SHEEP.

MORT and CO. will sell by public auction, at the Saleroom of their Wool Warehouses, Phillip-street, Circular Quay, on TUESDAY, 14th October, at half-past 11 o'clock,
THAT HIGHLY-IMPROVED AND FIRST-CLASS PASTORAL PROPERTY on the DARLING DOWNS, known as
ELLANGOWAN,
for many years past in the occupation of the Peel River Land and Mineral Company.
Together with 21,000 (more or less) sheep, as follows:—
2050 wethers, 3 years
2900 ditto, 2 years
1500 ewes, aged
4920 ditto, 4 to 6 years
1620 ditto, 3 years
2900 ditto, 2 years
4900 ewe and wether hoggets
110 rams

21,000, more or less,
of which about 8000 ewes are now lambing.

The country consists of RICH ALLUVIAL FLATS, lying between the Condamine River and Thane's Creek, with good ridges on either side of those streams, by which latter the run is ABUNDANTLY WATERED.

THE PURCHASED LAND includes 5600 acres, selected with great care by the present proprietors.

THE HOMESTEAD is situate on 185 acres of freehold, completely fenced, which area also contains woolshed, overseer's cottage, men's huts, stockyards, and horse paddocks.

THE WASHPOOL is on a pre-emptive purchase, and is worked by a 10 h. p. PORTABLE ENGINE.

FENCES for sheep paddocks have been extensively gone into, and amount to some 20 miles on the leased run, exclusive of the homestead enclosures, and a ring fence encircling 2853 acres of freehold land.

Every facility for inspection will be afforded, and a letter of introduction to the manager can be obtained by any one wishing to visit the property with a view to purchase, on application to
MORT and CO.

FOR POSITIVE SALE.

LAKE SALVATOR AND FAIRVIEW,
DISTRICT OF LEICHHARDT,
QUEENSLAND,
WITH
9000 (more or less) SHEEP.

MORT and CO. have received instructions from the proprietors, Messrs. T. and J. Farmer to offer by public auction, at the Sale Room of their Wool Warehouses, Phillip-street, Circular Quay, on TUESDAY, the 9th December, at half-past 11 o'clock,
Those FIRST-CLASS SHEEP-STATIONS, known as
FAIRVIEW and LAKE SALVATOR,
together with
3820 ewes, now lambing
1460 ditto, 1½ to 2½ years, maidens
2300 wethers, 2 to 5 years
1500 mixed hoggetts
65 rams

9145, more or less, sheep.

The above properties are situate in the Leichhardt district, about 80 miles from Springsure, and adjoin Mantuan Downs.

FAIRVIEW comprises an area of 90 square miles of SPLENDID ROLLING DOWNS country, of the most FATTENING CHARACTER, of which five-sixths are available. It is watered by several creeks, tributaries of Balmy Creek, which latter bounds the entire run on one side, and also by three dams, and a well of good water at the homestead.

The IMPROVEMENTS consist of a house of 5 rooms, kitchen, mens' hut, 100-acre horse-paddock, stockyard, and 6 sheep stations.

LAKE SALVATOR comprises 48 square miles, 25 of which are available, and has a frontage of 12 miles to both banks of the Nogoa River. It is permanently watered in the driest seasons, and forms a most valuable adjunct to Fairview as a washing, shearing, and lambing depot, there being in all seasons abundance of grass for lambing, and of running soft water for sheep-washing.

The country consists of small rich plains, good box and gum flats, and open brigalow scrub, with salt bush.

The IMPROVEMENTS include a cottage residence, kitchen, huts, store, woolshed, with lever press, drafting-yards, stockyard, horse paddock, ram paddock, with dog-proof stake fence, and a sheep-proof paddock of 1500 acres. On the run are 9 sheep stations, huts, and yards.

Horses, drays, stores, &c., to be taken at a valuation.

The proprietors are resident on the station, and will be happy to afford every facility for inspection.

FOR SALE BY PUBLIC AUCTION.

TUESDAY, 28th October.

That first-class Cattle Property, known as
MOLANGOOL,
and situated on the Kolan River, Burnett District, Queensland.
With 5000 (more or less) Head of Cattle.

MORT and CO. have received instructions to sell by public auction, at the Sale Room of their Wool Warehouses, Phillip-street, Circular Quay, on TUESDAY, 28th October, at half-past 11 o'clock,
The MOLANGOOL STATION,
together with 5000 (more or less) HEAD OF CATTLE.

The stock is highly improved, bulls from the Clarence River and other herds of a first-class character having been continuously supplied.

MOLANGOOL is situated on the Kolan River, and distant about 90 miles from Gladstone, and 120 miles from Maryborough; it is also in close proximity to Baffle Creek, where the well-known establishment of Messrs. Robertson, Brothers, affords at all times an outlet, if needed, for the fat cattle. At present, however, there is ample demand from the butchers at full prices on station.

The run is estimated to be capable of carrying 10,000 HEAD OF CATTLE, is WELL GRASSED and WATERED, and one-half enclosed by about 20 miles substantial two-rail fence. It is held under the usual 10 years' lease from Government.

The IMPROVEMENTS are EXTENSIVE, and comprise dwelling-house of 10 rooms, men's huts, stock-yards, paddocks, fruit garden well stocked, &c., &c.

The country consists of OPEN UNDULATING FOREST, timbered with broad leaf ironbark, blood wood, &c., and has excellent FATTENING properties.

It is WATERED by the Kolan River, which passes through the centre, and by several creeks.

QUEENSLAND PASTORAL ESTATE.

THE WESTBROOK STATION,
DARLING DOWNS.

WITH 75,000 ACRES PURCHASED LAND,
AND 32,000 ACRES LEASEHOLD.

TOGETHER WITH 100,000 SHEEP.

For Positive and Unreserved Sale by order of the Executors and Trustees of the ESTATES OF JOHN DONALD M'LEAN and WILLIAM BEIT, DECEASED (of the late firm of M'Lean and Beit).

MORT and CO. have received instructions to sell by PUBLIC AUCTION, at their Wool Warehouses, Circular Quay, Sydney, on the 19th day of March, 1874,
The FINEST PASTORAL PROPERTY IN THE AUSTRALIAN COLONIES, known as
WESTBROOK,
Darling Downs.

This property comprises about 75,000 acres of purchased land, and 32,000 acres of leasehold, forming perhaps the finest pastoral and agricultural estate in Australia. It is securely fenced and subdivided into numerous paddocks.

The IMPROVEMENTS are all of the most perfect description, consisting of a substantial and commodious STONE RESIDENCE, with all requisite out-houses, garden, &c., a very large WOOLSHED constructed of hardwood and galvanized iron, with accommodation for 30 shearers, excellent sheep-wash, with hot and cold water appliances, and an abundant supply of water.

The GREAT WESTERN RAILWAY of Queensland passes through the estate (90 miles from Ipswich), and there is a RAILWAY STATION WITHIN A MILE of the WOOLSHED.

Together with this property will be sold 100,000 SHEEP, more or less; 400 head of CATTLE, chiefly PURE BRED, full particulars of which will be published hereafter.

It will be optional with the purchaser to take the MEAT PRESERVING ESTABLISHMENT (at present under lease to the Hogarth Australian Meat Preserving Company, limited), which adjoins the station, at a valuation.

THIS MAGNIFICENT PROPERTY being for bona fide sale, to close the partnership and settle the trust accounts, intending purchasers are invited to inspect it as early as possible to form a correct estimate of its value.

Full information may be obtained from Messrs. MORT and CO., Messrs. HENRY BEIT and CO., Sydney; or Mr. THOMAS F. GREGORY, Westbrook.

FIRST-CLASS CATTLE PROPERTY,
DISTRICT OF MORETON,
QUEENSLAND.

MORT and CO. have received instructions from James England, Esq., to sell by public auction, at the Sale Room of their Wool Warehouses, Phillip-street, Circular Quay, on TUESDAY, 28th October, at half-past 11 o'clock,
That first-class cattle property, known as
TARAMPA,
together with
5000 (more or less) head superior WELL-BRED CATTLE.

The above is one of the finest estates in Queensland, and is situate within 30 miles of Ipswich, and close to the railway, and is in the best possible position to supply that and the Brisbane markets with fat stock.

The country is admirably suited for cattle, and, besides a very large area leased from the Crown, comprises no less than
15,000 acres of freehold land
8,000 acres leasehold, under Act of 1868, and
4,000 acres of pre-emptive.

The purchased land is all fenced in with post and rail fence of the most substantial character, at a cost of about £7000, and the land of the very best agricultural and fattening description.

The stockyards and other improvements are of the best possible character.

Further particulars will appear in a future advertisement, or may be obtained at the office of the undersigned—who, however, on behalf of the proprietor, are anxious that all intending purchasers should inspect the property, and form their own idea of its value.

MUNGI BUNGI STATION.

GWYDIR DISTRICT.

Together with about 4500 head of Cattle, the progeny of imported bulls.

G. M. PITT has received instructions from Charles Baldwin, Esq., to sell by public auction, at the Exchange, Sydney, early in December,
That splendid breeding and fattening station
MUNGI BUNGI,
situate in the Gwydir district, and having a large frontage to the Mehi and Big Rivers.
With the station will be sold a mixed herd of about 4500 head of cattle, which, for breeding and quality, cannot be surpassed.

The character of the OB brand is so well known in this and the neighbouring colonies that any comments as to its excellence would be superfluous. Suffice it to say, that nothing but pure-bred shorthorn bulls have been used for the last 18 years, and especial attention has been paid to the selection and culling of the cows.

The country cannot be excelled for its richness and fattening qualities. Every inch of it is available, and it has large frontages to the Mehi and Big Rivers—a valuable consideration, as the water has never been known to fail.

The improvements are the best on any station in the Gwydir district.

The Auctioneer particularly invites intending purchasers to inspect this truly valuable property, as it is an opportunity of securing a herd that is allowed to be
NEARLY PURE-BRED,
and it is in the market for positive sale.

• Further particulars may be had from

G. F. WANT has received instructions from the proprietors to sell by public auction, at his Rooms, the Pastoral Exchange, 273, George-street, Sydney, on TUESDAY, 14th October, 1873, at 11 o'clock,
The above mentioned 6 blocks of downs country.

This country, having an area of about 524 square miles, is situated above the junction of the Thompson and Barcoo Rivers, and is a remarkable specimen of that richly grassed land so peculiar to this portion of the colony of Queensland. It is covered with a variety of fattening herbages and the best description of salt bush.

It is well watered by Anderson's Creek with its innumerable tributaries, which afford an abundant supply of water throughout the year.

The attention of intending purchasers may be called to the fact that this country adjoins the celebrated Isis Downs, Portland Downs, and numerous other Barcoo runs, the fattening properties of which are so notorious.

5750 sheep, more or less, will be sold with the country.

Full particulars as to ages, sexes, &c., and all further information can be obtained from

STANTON HARCOURT STATION, WIDE BAY AND BURNETT DISTRICTS,
QUEENSLAND,
with
1500 CATTLE.

G. F. WANT has received instructions from the Administrator of the above Estate to sell by public auction, at his Rooms, the Pastoral Exchange, 273, George-street, Sydney, on TUESDAY, 14th October, 1873, at 11 o'clock,
The above magnificent pastoral property.

Stanton Harcourt is situated in the Wide Bay and Burnett districts, Queensland, distant about 50 miles from Maryborough, and has a frontage to the Burnett River. It possesses an area of about 123 square miles of fine grazing land, which is abundantly watered by running creeks and permanent lagoons.

With the run will be sold 1500 head (more or less) quiet well-bred cattle, they will be mustered and delivered.

Improvements consist of a new dwelling-house of 6 rooms, large sitting, dining, and bedrooms, &c., with large verandah; there is also a large newly-erected kitchen and servants apartments of six (6) rooms detached, in fact the arrangements for domestic comfort are complete.

There is a new paddock of about 600 acres, also paddocks of 750 and 150 acres, and several smaller, all fenced with substantial post and rail fences; also stockyards, tailing yards, stables, men's huts, with all the useful et ceteras that experience has suggested for the economical working of a cattle station.

At a distance of about 12 miles from the homestead on the Gayndah and Maryborough Road there are 100 acres selected land, fenced, on which is erected a commodious hotel, now let at a rental of £50 per annum.

The Auctioneer with confidence calls the attention of investors to this property, it being in every respect first-class.

KENSINGTON DOWNS, Nos. 1, 2, 3, and 4.

G. F. WANT has received instructions from the proprietors to dispose of, by public auction (unless previously disposed of), at his Rooms, the Pastoral Exchange, 273, George-street, Sydney, on TUESDAY, 14th October, 1873, at 11 o'clock,
The above pastoral property.

KENSINGTON DOWNS RUN, Nos. 1, 2, 3, and 4, contains about 350 square miles in nearly a square, the whole of which consists of open undulating downs of the best fattening description, being covered with Mitchell and blue grasses, with abundance of salt-bush, well watered, having two (2) main creeks extending the whole way through the country, likewise intersected with numerous tributaries. The country is held at a small rental under the Queensland Pastoral Leases Act, 1869.

The proprietors invite every inquiry with respect to the above property, which is of that nature that even a more elaborate description of its qualities would not exaggerate in the least.

The above valuable and really first-class pastoral property is placed in the market for absolute disposal to close a partnership account.

The attention of capitalists entering into or extending pastoral pursuits is directed to this sale.

situated 140 miles S.W. of Rockhampton, and 170 miles from the Railway Terminus at Dalby.

TERMS.—One half cash, balance at one and two years, with 8 per cent. interest added, secured by mortgage, or cash, at the option of the purchaser.

BREWSTER and TREBECK have received instructions from the proprietor, William Alison, Esq., to sell by auction at their Rooms, Squatters' Exchange, George-street, Sydney, on THURSDAY, 16th of October, 1873, at 11 o'clock,

LOT 1.—THE CAAMBOON STATION, consisting of 12 large blocks of very excellent cattle country, adjoining WALLOON. The grasses and herbage are of the very best fattening descriptions, and the run is well watered in every direction by the RIVER DAWSON, and numerous permanent streams, which intersect the station at regular intervals. With CAAMBOON will be offered
2500 HEAD OF CATTLE, more or less,
whilst the grazing capabilities are estimated at
25,000 HEAD OF CATTLE.

The HERD is a superior one, having been bred for many years from the A. A. Co., Mr. Connel's, and other noted stock.

About 120 horses, working bullocks, stores, implements, &c., &c., to be taken at a valuation. 320 acres of purchased land to be taken at £1 per acre.

The IMPROVEMENTS comprise a nearly new and comfortable house, stores, &c.; paddocks and stock-yards, all in perfect working order.

LOT 2.—The WALLOON STATION, consisting of 9 large blocks. This run is situated between Kyanga and Camboon, and admitted by all to be one of THE BEST STATIONS IN QUEENSLAND, off the DARLING DOWNS. The luxuriance of the fattening grasses and herbage cannot be surpassed. The COUNTRY is principally open undulating DOWNS, watered permanently by the RIVER DAWSON, and by the Castle, Ferguson, Lonesome, and Walloon Creeks. With this will be offered
1000 CATTLE, more or less,
a quiet mixed herd, containing a large proportion of cows and heifers, bred from the best stock procurable.

Horses, stores, &c., &c., to be taken at a valuation. 1420 acres of purchased land to be taken at 20s. per acre.

The IMPROVEMENTS consist of a comfortable house, stores, superior woolshed, paddock, stockyards, &c., &c., all in good order.

☞ Messrs. BREWSTER and TREBECK can with confidence recommend the above as among the finest station properties ever submitted in Sydney. The proprietor has removed about 90,000 sheep from them to his New South Wales stations; and it is seldom that such an immense extent of first-class country is offered with so few cattle in comparison to grazing capabilities. CAPITALISTS REQUIRING A SAFE AND PROFITABLE INVESTMENT, with the LONG AND SECURE TENURE of the unsettled districts, are invited to inspect the runs and stock before the sale, as such an opportunity for acquiring undoubted first-class properties may not occur for many years.

Any further particulars may be obtained at the Rooms, Squatters' Exchange, Sydney.
BREWSTER and TREBECK.

BLIGH DISTRICT.

THE TEREMBONE STATION,
adjoining the Bullarora, Milchomi, Urawilkie, and Nebea stations, with
2500 CATTLE,
a great proportion of which are bullocks over three years old, ALL RUNNING IN PADDOCKS.

Terms, liberal.

BREWSTER and TREBECK have received instructions from the proprietors to sell by auction, at their Rooms, Squatters' Exchange, Sydney, on THURSDAY, 30th October, 1873, at 11 o'clock,
That valuable station called
TEREMBONE,
consisting of the following blocks:—
Terembone North Terembone No. 1
Terembone South Terembone No. 2
Tharambone.

These five blocks contain about 100,000 acres of the FINEST SALTBUSH FATTENING COUNTRY in the favourite district of Bligh, now so well-known for sending the highest quality fat stock to the Victorian and Sydney markets. The run is well watered in every direction by several creeks in which are erected numerous fine dams, some of them throwing the water back upwards of two miles.

With Terembone will be offered
2500 CHOICE CATTLE, more or less,
great proportion of which are bullocks over three years, selected by a good judge from one of the finest herds in Queensland. 600 ARE NEARLY READY FOR MARKET.

Horses, stores, working plant, furniture, &c., to be taken at a valuation.

ESTIMATED GRAZING CAPABILITIES
6000 HEAD.

The IMPROVEMENTS comprise a 10-roomed house, stores, and offices, &c.; stock, horse, and milking yards; 40 miles of fencing, enclosing three fine paddocks, in fact everything requisite for working the station to the best advantage.

☞ TEREMBONE IS AN UNDOUBTEDLY FIRST-CLASS STATION, in our best fattening district, and not half stocked. It has recently, by a large and judicious expenditure, been so perfectly improved as to insure a handsome return upon the money invested. Capitalists in search of a compact, well-improved property are invited to inspect the runs and stock before the day of sale.

Any further information may be obtained at the Squatters' Exchange, Sydney.
BREWSTER and TREBECK.

Important Sale of First-class Agricultural Farm, at Campbelltown.

BUTLER and INGLIS have received instructions from Mr. Benjamin Warby to sell, by auction, without reserve, at Graham's Hotel, Campbelltown, on October 25, at 12 o'clock,
The whole of that very valuable farm, situate at Campbelltown, and known as Moore Field, containing 120 acres.

This is, without exception, the best agricultural Farm in the County of Cumberland, within a few rods of the railway station, and forms almost part of Campbelltown itself. The Farm is divided into nine paddocks, has a good 2-storied House upon it, containing nine rooms and good kitchen; stables, men's hut, two gardens and orchard, stockyard, piggery, and every convenience.

This property is for bona-fide sale, and is especially worthy of the attention of any one desirous of securing a really first-class agricultural farm in this progressive district.

Terms, liberal, at sale.

IPSWICH, QUEENSLAND.

WEDNESDAY, November 12.

MOST IMPORTANT COAL PROPERTY.
THE BUNDANBA COAL MINE,
situated about two (2) miles from the TOWN OF IPSWICH, QUEENSLAND.

HUGHES and CAMERON have received instructions from the proprietors to sell by public auction, at the Ipswich Land Exchange, Nicholas-street, Ipswich, Queensland, on
WEDNESDAY, the 12th November,
at 11 o'clock,
ALL THAT SPLENDID COAL PROPERTY known as "THE BUNDANBA COAL MINE," situated near the main Redbank Plains Road, about two (2) miles from the town of Ipswich, Queensland.

This most valuable and important property comprises
280 ACRES OF FREEHOLD LAND,
being portions Nos. 270, 286, and 300—all conterminous—parish of Goodna, county of Stanley, Queensland. The mouth of the mine opens in portion 270 above-mentioned, with a N.N.W. aspect, to a straight drive bearing S.S.E. about 5 chains into the heart of the mountain, with a uniform dip of about 2 inches in the yard. The drive is 6 feet high, well stayed, and wooden tramways are laid down the whole of the length. The ground rises abruptly to a height of 150 feet within the distance of a few yards from the mouth of the mine, thus materially adding to its security. There is also a branch level bearing due west at right angles from the main, about 2½ chains in length, following up a
SPLENDID SEAM OF COAL,
6 feet thick; and also another level bearing due east, also at a right angle with the main, and about 5 chains in length, penetrating into portion No. 286, and following up an
EQUALLY FINE SEAM OF COAL,
with drive the same height and size as main level. The coal is of a capital quality, and whilst the mine was open obtained ready sale, it being about the best sample shipped out of Ipswich. The mine is thoroughly dry and free from water, and in this particular affords a pleasing contrast to many other mines of the same nature. The auctioneers also deem it important to state that
ALL KINDS OF TIMBER
are abundant up to the very mouth of the mine, as this would form a most important item in its future working.

The whole of the eastern side of the property is protected by a
SUBSTANTIAL LOG FENCE
and the greater part of the southern side by a
THREE-RAIL SPLIT FENCE.

The whole forms a most splendid property, the value of which it is almost impossible to estimate, as the coal may be traced in every direction upon the land, and the whole of the neighbourhood is known to be coal-bearing, more or less. The present proprietors were singularly fortunate in the quality of the coal discovered, and which the Auctioneers can testify from their own experience gave every satisfaction whilst it was in the market. The only cause for this valuable mine being submitted to public competition is owing to a difference in the partnership, which led to a stoppage of the works just as it begun to yield a handsome remuneration for the large outlay of capital necessarily spent upon the opening of the mine, and they have now agreed to submit it to public auction.

FOR POSITIVE SALE.

The mine is in excellent working order, and could be made available for full trade in a week. The auctioneers would also wish to draw the attention of intending purchasers to the most important facts that the Brisbane continuation of the
GREAT SOUTHERN AND WESTERN RAILWAY
will run about 1½ miles from the mine; that the railway is actually in progress at the present time
ABREAST OF THE PROPERTY,
and there is no doubt will be entirely finished within two years from this date. Had no difference arisen between the partners, it was their intention to have run a tramway from the mine to the
BREMER RIVER;
but as the present line of railway intersects the proposed tramway at little less than half the distance, the manifest advantages to the future interests of the mine are palpably evident.

THE ROAD INTO IPSWICH
is first-class, being the main Redbank Plains Road, and a capital High-level Bridge has just been completed over Bundanba Creek, thus removing the last difficulty upon the road into the
TOWN OF IPSWICH.

The Titles to the Property are indisputable, being under the
REAL PROPERTY ACT OF 1861,
and render it a
THOROUGHLY SAFE INVESTMENT
to any capitalist, or company of practical men, wishing to invest in this most remunerative description of property; and, as the question of supply in the article of Coal is daily becoming a most momentous one to the nations of Europe, it would be well to regard the present opportunity as a chance which does not often present itself in the Australian markets.

The Terms of Sale will be Cash—10 per cent. on the fall of the hammer and the remainder within one week upon completion of Title.

For any further particulars address to the auctioneers—
HUGHES & CAMERON, Ipswich, Queensland.

Day of Sale: WEDNESDAY, NOVEMBER 12th, at 11 o'clock, at the IPSWICH LAND EXCHANGE, Nicholas-street, Ipswich, Queensland.

To Railway Contractors and others.

TO BE SOLD by AUCTION, unless disposed of previously by private sale,
The whole of the Railway plant, belonging to Peto, Brassey, and Co., laying at Campbelltown, Menangle, Newcastle, Singleton, &c.

For further particulars apply to Mr. THOMAS JOWETT STOKES, Crown Hotel, Brickfield Hill, George-street. Date and particulars of sale in future advertisement.
WALTER A. CROSS,
Agent for Thos. Brassey and Co.
